NURSES SAVE PATIENTS

REBELS AND FEDERALS BATTLE

Mexicans Fight to the Death
While Americans View
the Combat

Diaz Men Rush to the Attack
Under Support of the
Machine Guns

AGUA PRIETA, Mexico, State of Sonora, via Douglas, Ariz., April 14.—The expected battle opened just west of Agua Prieta at 1:45 this afternoon, the federal detachment engaging the rebel garrison at Agua Prieta. The federals are using machine guns.

Crowds are flocking to the American customs house to witness what promises to be a battle five times the magnitude of that of yesterday. Americans lined on the housetops with glasses watched the advance of the two armies.

Troop I of the First Cavalry, stationed at San Bernardino, arrived to strengthen the American troops. All ambulances were ordered out. All business places in Douglas are closed.

DOUGLAS, Ariz., April 14.—General Wood, chief of staff, has called on the commander of the Department of the Colorado, at Fort Huachuca, Ariz., for a detailed report on the situation at Agua Prieta and Douglas. General Wood stated today that the American soldiers patrolling the Mexican border had specific instructions not to cross into Mexican territory. The action of the American officers, however, in taking messages from the Mexican soldiers on the American side to their comrades across the line asking that they surrender, would not be regarded as a violation of these instructions.

The situation at Agua Prieta and Douglas, which are practically one town, has been serious for several weeks. The federals have been fortifying Agua Prieta and some of the defenses are not far from the dividing line. The situation has not been without its ludicrous side. Frequently while the federal soldiers were engaged in constructing trenches south of the boundary line a gang of rebel sympathizers on the American side would hoot and jeer the defenders of Diaz. Between the opposing elements the American soldiers and police patrolled the boundary line, always with a watchful eye to the possibility of a clash on American soil.

WASHINGTON, April 14.—The Mexican government, according to a view of the State Department, will be held accountable for the loss of life and injury to American at Douglas, Arizona, during the fighting at Agua Prieta yesterday. No matter whether the act of the federals or that of the insurgents inflicted the injury, it will be the federal government to which the United States will look for reparation.

Scion of Wealthy Family Is Arrested

John Wilson, said to be the scion of a wealthy eastern family, and a football player of note from an eastern university, was arrested by Detective Richard McSorley and T. J. Flynn at Twelfth and Broadway this afternoon on warrants charging forgery and passing fictitious checks held by the San Francisco police. Wilson, who gives his profession as that of civil engineer, was turned over to Detective J. H. Pearl of San Francisco and has been taken across the bay.

Sleuths on Landsburg Case Follow Trail to Alameda

SAN FRANCISCO, April 14.—Detectives Murphy and McQuade journeyed to Alameda this morning in search of further evidence in the death of Guy M. Landsburg on the night of March 27. All last night the officers searched the Barbary Coast in an endeavor to find a witness who may have seen Frank Torres

MYSTERY CLOUDS CASE OF DYING BERKELEY MAN

JAMES PATTERSON, who is dying as the result of mysterious injuries.

James G. Patterson May Be Victim of Thugs

BERKELEY, April 14.—Special Officer James G. Patterson, who was mysteriously injured while on his beat a week ago last Sunday morning, is dying at Roosevelt hospital, after having been unconscious during most of the twelve days since he was mysteriously hurt.

With his skull fractured at the base of the brain, and the right side of his face and head badly cut in several places, his mind is paralyzed and he has been unable to recognize his wife but for one brief moment since he was injured.

UNABLE TO SPEAK.

During the few short periods of consciousness he has been unable to speak, his vocal chord having been paralyzed. His physicians realize that he is too weakened to undergo an operation upon the skull to relieve the pressure upon his brain.

Patterson was found unconscious on Forest avenue, near College, at 2 o'clock Sunday morning, April 2. Dr. Ernest Page, who first attended him, was of the opinion that he had suffered a stroke of apoplexy and fallen from his bicycle, but Mrs. Patterson declares that he has never suffered in the least from heart trouble, and that the injuries could not have resulted from a mere fall from the vehicle, which she believes he was riding when he was taken to the hospital.

Young Cudahy to Take Miss Brewer as Bride

Wedding of Scion of Wealthy
House and Hillsboro Belle
to Occur Tuesday.

SAN FRANCISCO, April 14.—The wedding of Miss Leonore Brewer, society belle of Hillsboro, and San Mateo, and Edward L. Cudahy, millionaire chairman of Omaha and Chicago, is to take place Tuesday, April 25, at St. Matthew's Catholic Church in San Mateo. It will be simple in its arrangements, the bride's sister, Miss Amy Brewer, to be the only bridesmaid.

The couple secured their marriage license yesterday at the county clerk's office in Redwood City. Cudahy giving his age as 30 and his residence as Chicago, his fiancée's age being 24.

After a lengthy honeymoon, the couple will make Chicago their home.

BLAZE RAGES AT POWDER WORKS

The Trojan Factory Near San
Lorenzo Endangers the
Entire Plant.

Two Buildings Destroyed; Fire
Far From Explosives and
Mixing Room.

SAN LORENZO, April 14.—Fire that broke out in the engine house of the Trojan Powder Works, near here, at 2 o'clock this afternoon, completely destroyed that building and the nitrating house nearby.

The blaze was gotten under control by the employees of the plant, who fought desperately to save other structures on the place. Due to the distance from the mixing room and storehouses at no time did the flames threaten to bring about an explosion.

The monetary loss suffered by the destruction of the buildings themselves was trifling, but thousands of dollars will be necessary to replace the machinery that was either damaged or ruined.

The fire was under control within an hour after it had started.

D. J. Hill Resigns as German Ambassador

No Reason Is Given by Diplomat
for Quitting His Post
at Berlin.

WASHINGTON, April 14.—David Jayne Hill of Rochester, ambassador of the United States to Germany, has resigned his post. The resignation has been accepted by President Taft.

Neither in Hill's letter of resignation nor in the President's letter of acceptance is any reason given for the ambassador's action. The President thanked Hill for his service at Berlin and says that he is glad to know that he will remain there until July 1, when the resignation goes into effect.

Ambassador Hill was ordered home from Berlin several weeks ago to discuss, according to an announcement by the State Department at the time, the postash controversy between the United States and Germany, which for a long time has been the subject of diplomatic interchange in which Hill has been intimately engaged.

State Department officials declined today to discuss the resignation. While Ambassador Hill's resignation was a great surprise to official Washington and to the diplomatic corps here it was argued that the fact that he was to remain at his post until July 1 indicated that there was nothing urgent in the ambassador's action.

The belief is general that Ambassador Hill's resignation is in accordance with the custom of past administrations to appoint new ambassadors to all of the important posts. Changes have been made heretofore by Taft at all such places except Great Britain and Germany. In the case of Great Britain, Taft offered the mission to Dr. Charles W. Eliot of Harvard, who declined.

Congressman Smith's Condition Improving

California Solon Ill at Bakersfield
Home; Has Not Left Bed-
room in Weeks.

BAKERSFIELD, Cal., April 14.—Congressman S. C. Smith, who is seriously ill at his home in this city and in a condition which will not possibly permit his appearance in the present session of Congress is feeling better than he has at any time since being confined to his home. He has not left his bedroom in weeks, but is hopeful of the continuation of the improvement manifested today.

Raker Demands Letters on Japanese Immigration

Congressman Calls On President
and Secretaries to Give Up
Correspondence.

WASHINGTON, April 14.—Representative Raker of California introduced a resolution today calling on the President for all correspondence in possession of the President or Secretary of State and the Secretary of War relating to Japanese immigration to the United States and its possessions.

TAFT CONFERS ON SHOOTING OF CITIZENS

President and Secretary Knox
Discuss Situation Arising
From Mexican Battle.

U. S. District Attorney Secures
Testimony Regarding the
Wounding of Citizen.

WASHINGTON, April 14.—Secretary of State Knox was at the White House at 9:30 o'clock this morning consulting with the President about the situation arising out of the battle of Agua Prieta. The conference will be an extended one. The cabinet meets today and the situation may be discussed by the President with all of his advisers.

With the customs house at Agua Prieta in the hands of the revolutionists and Juarez seriously threatened, a new situation is presented to the State Department, involving the delicate question relating to the recognition of the revolutionists.

UNITED STATES ACTS PROMPTLY.

DOUGLAS, Ariz., April 14.—United States District Attorney Joseph E. Morrison arrived in Douglas today and immediately took up the matter of the killing and wounding of American citizens in yesterday's battle at Agua Prieta.

He directed his efforts especially toward gathering testimony regarding the serious wounding of A. R. Dickson, who was compelled to seek shelter at the Agua Prieta railroad station on ground owned by an American company. The evidence indicated that Dickson and W. C. Green laid in a ditch to escape the bullets of the federal troops, who advanced in a flank movement directly toward them. The Americans both waved white handkerchiefs and called out in Spanish that they were non-combatants.

"You will die with us," was the answer of the federal leader leading the squad, which continued to shoot at the Americans in the ditch. One bullet struck Dickson, inflicting a slight wound, and a moment later another hit him in the thigh, shattering the bone and probably making amputation necessary. At this juncture the Mexican leader was picked off by an insurgent and killed. Dickson is a wealthy miner, 32 years of age, and has a brother residing in San Francisco.

Hodghead Greets His Successful Rival

Wilson Appears at City Hall to
Question Method of Filing
Campaign Expenses.

BERKELEY, April 14.—Mayor Hodghead and Mayor-elect Wilson met, and shook hands for the first time since the election at the city hall today, when Wilson appeared there to account the procedure in filing an account of campaign expenses.

Hodghead explained the matter and then Wilson conversed with other members of the Council.

After passing the new milk ordinance today the Council appointed C. L. Roadhouse as milk inspector. The ordinance goes into effect at the end of ninety days.

Horse Kills Driver And Then Drops Dead

Animal Falls Lifeless in Harness
After Kicking Teamster
to Death.

SEATTLE, Wash., April 14.—Cus Fieger, a teamster, 35 years old, was instantly killed by a kick from the horse he was driving when he alighted to recover a rein he had dropped. Immediately after killing Fieger the horse dropped dead in the harness.

Flies 54 Miles With His Three Sisters

Aviator Lanson Breaks Cross-
Country Record for Four
Persons.

BRUSSELS, April 14.—Aviator Lanson flew today in an aeroplane from the aviation field at Kiewit to the Belgian capital, carrying his three sisters as passengers. The distance flown was about fifty-four miles, a new record for a cross-country aeroplane flight with four persons.

DENMAN THOMPSON DIES ACTOR'S CAREER CLOSES

THE LATE DENMAN THOMPSON, as Uncle Josh Whitcomb, in "The Old Homestead."

Creator of 'Old Homestead' Passes Away at Country Estate in West Swanzy

WEST SWANZEY, N. H., April 14.—One of the oldest and best known actors in America, Denman Thompson, the man who made the "Old Homestead" famous, died in his country estate in West Swanzy early today. Thompson had been ill of heart trouble and uraemia since last month.

Denman Thompson was born in a log cabin in the hamlet of Berewood, three miles from Girard, Pa., on October 13, 1833. Two years previous his father, Captain Rufus Thompson, had left West Swanzy, which in later years this boy of the wilderness was to make a household word as the setting of the "Old Homestead."

At 14 Denman returned to West Swanzy and for three years worked with his father as a carpenter. When 17, he set out for Boston in search of employment and soon after joined Tyson's circus as a property boy and actor.

APPEARS AS A "SUPE."

The following winter he made his first stage appearance as a "supe" under Charlotte Cushman. Two years later, in Lowell, he had his first speaking part. Following this, he went about the country playing Irish and negro parts.

While Thompson was ill with rheumatism and as he lay in bed in Pittsburg he thought out the sketch called

"Joshua Whitcomb," which later developed into the "Old Homestead" and made him famous.

At the Boston Theater in 1886, the "Old Homestead" was first produced and it has had a continual run since that time. Until a few years ago Thompson traveled constantly with the company, but as the weight of years bore more heavily on him he was obliged to give up all but the principal duties to an understudy and finally was forced to quit altogether. During the winter of 1910 he created a sketch modeled from a portion of the original "Joshua Whitcomb," which he played in vaudeville for two months.

STARTED FOR THE WEST.

This year the old fascination for the footlights returned and early in the season he started out with his "Old Homestead" company, playing in New York, Philadelphia and Washington, and planning to close the season with the company in San Francisco, but failing health forced him to abandon the idea.

Gathered about the bedside of the venerable actor when the end came were a number of his closest relatives, including his two daughters, Mrs. W. I. Kilpatrick and Mrs. E. A. McFarland.

The funeral services, which, at the request of Thompson, will be simple and open to the public, will be held from the late homestead here on Sunday afternoon. The officiating clergyman will be Rev. H. Sumner Mitchell of the Unitarian Church at Keene.

San Francisco Mint Will Store Gold, Not Coin It

SAN FRANCISCO, April 14.—There will probably be no gold coin made at the local mint for two years to come as the result of recent legislation that gold certificates might be issued against bullion instead of coin. The measure provides that one-third of the outstanding gold certificates may be issued in this way and as a result about \$300,000,000 will thus be distributed. For that reason the gold will be kept in bars in the vaults instead of being coined at the local mint.

"We recently had a reduction in our working forces," said Superintendent Edward Sweeney this morning, "and that of course accounts for the order in a certain sense. Some gold may be coined during the next two years, but I do not think there will be much. Hitherto we have been forced to redeem bullion in gold coin, and now instead we can issue gold certificates. I do not think that any war consideration has had anything whatever to do with the order received in this connection."

Disfranchisement of Negro Asked by Congressman

WASHINGTON, April 14.—A bill was introduced in the House today by Representative Hardwick of Georgia, providing for the repeal of the fourteenth amendment to the Constitution. The

ST. FRANCIS HOSPITAL ON FIRE

Oakland Woman Is Among Those
Who Were Carried From
Burning Structure

Physicians Direct the Work of
Rescue and Prevent Panic
in Blazing Building

SAN FRANCISCO, April 14.—Terrifying nearly a hundred patients, a fire, which broke out beneath the cupola on the north wing of the St. Francis Hospital this morning, caused intense excitement in the neighborhood, and was responsible for the turning in of two alarms to the department. A score of nurses and doctors proved themselves possessed of the true heroic spirit by carrying out the helpless sick to places of safety. About fifteen patients were removed across the street and a score to other parts of the burning structure. A defective flue and a red-hot coal grate are believed to have been directly responsible for the blaze, which broke out in the room occupied by Nathan Joseph, a pioneer merchant of this city, who is convalescent and was able to walk out with the assistance of head nurse W. Lewis.

NURSES ARE ACTIVE.

There were about thirty patients in the north wing and under the supervision of Miss Lewis, with the assistance of Nurses Gibson, Whittier and Schladler, those on the top floor in the immediate proximity of the fire were carried forth. G. W. Ford of Merced was taken in an ambulance to Dr. Ward's sanitarium, after he had been carried out, together with a half dozen others, by Battalion Chief J. Layden. Other patients who were removed to places of safety were Mrs. Joseph Farrell of 1044 Wood street, Oakland; Mrs. H. F. Robb of Millbrae; Mrs. C. E. Symonds of Mill Valley; Mrs. J. L. Sherman of 621 First avenue, H. M. Ward of 1500 Green street, and Mrs. Bishop.

On the second floor Nurse Norma Denning was the heroine. She darted forth and back through the smoke-filled halls, removed patients and assisted the work of the firemen. She was aided by Nurses Ruth Phillips, Anita Kost, Catherine Mack, Margaret McDonald and several others.

Among patients removed by these nurses were Mrs. M. Linberg of 1301 Eighteenth street, Miss H. Rahaut and Edward Peterson, a 14-year-old lad, of 561 Elizabeth street.

DAMAGE REACHES \$4000.

The department succeeded easily in getting the blaze under control, and the fire was extinguished with damage amounting to about \$4000.

The St. Francis Hospital will on June 1 occupy a new building at Bush and Hyde streets, and Dr. Callaway, president of the association, was authority for the statement that no more patients would be received in the present building. Dr. G. W. Ford, who was in the building when the fire broke out, took command of the situation, directed the nurses and controlled the disposition of patients in a way which prevented disorder and earned the commendation of all on the scene.

The news that the hospital was burning spread like wildfire and a huge crowd gathered. Numbers of friends of the patients rushed to the institution in taxicabs and other vehicles, and many called up on the telephone to learn as to the safety of loved ones, causing a turmoil on the telephone exchange.

When the blaze was first discovered a half dozen nurses, disregarding their own personal safety, struggled bravely, endeavoring to quench it with blankets and pails of water before the arrival of the department. Among the nurse firefighters were Norma Denning, Kathleen Russell, M. Gibson, E. Whittier and Ruth Phillips.

Nurse Russell saved baby Leslie Lewis, carrying him out in her arms, as the firemen were entering the building.

WANTED

Boys between ages of 15 and 18 years, with bicycles to carry election returns. Apply Saturday or Monday afternoon at the Editorial Rooms of THE TRIBUNE. One hundred boys wanted.

Former Governor Benson Of Oregon Dies in Redlands

REDLANDS, April 14.—F. W. Benson, former Governor and present secretary of state of Oregon, died in this city today after an illness lasting several months. He came here from the north, following a general breakdown in his health. His

wife was with him at the time of his death. Death was caused by Bright's disease. Burial will occur at Portland, Ore., where which city Mrs. Benson will leave with the body of her husband next Sunday. Benson was a native of California, having been born in San Jose March 20, 1858.

The banks have recognized the sale value of these lots by loaning 60% of the auction price. Where is there another property in this city where you can get such standardized values? Every lot not sold by 1:30 p. m. Saturday, April 15th, will be sold at auction.

Note that reductions are as low as 25%, and even on these values we will submit an offer. Office open this evening.

REMEMBER SALE AT OUR OFFICE.

LAYMANCE REAL ESTATE CO., 1214-1216 Broadway, Oakland, Cal.

NATION MOURNS NOTED ARTIST

Many Telegrams Express Condolence; Funeral Will Be Tomorrow.

BERKELEY, April 14.—Telegrams of condolence were received from all parts of the country today by Mrs. William Keith on account of the death of her husband, the noted landscape artist. Keith's remains are lying in state at the family home, 2207 Alhambra street. One of the messages received today was from T. H. Burnham, the celebrated architect of Chicago.

RUCKER MEASURE TO BE PASSED

WASHINGTON, April 14.—The Tucker bill, providing for additional publicity of campaign contributions, the second of the Democratic measures to be taken up in the House, will be passed into today with many Republican votes in its favor. With the publicity bill out of the way the House will proceed to the Canadian reciprocity.

MEETING IS HELD BY
TAXPAYERS' ASSOCIATION

The Taxpayers' Association of which W. S. Gould is secretary, met this afternoon in the committee rooms of the Chamber of Commerce to complete unfinished business from the last meeting of the organization last Friday. The body is composed of prominent business men of Oakland interested in keeping down the tax.

BUSY EVENING AHEAD FOR MOTT

People at Three Meetings Will Call on Mayor for Campaign Speeches.

This will be another busy night for Mayor Mott and other candidates for office under the new charter, for the reason that his honor has decided to appear in three different parts of the city and discuss the permanency of the progress upon which this city entered so auspiciously with his initiation as mayor of this city. One of these gatherings will be held in Murphy's Hall, 414 Eleventh street, between Broadway and Franklin street. Refreshments will be served.

Another meeting for the mayor will be held in Hamilton Hall at Thirteenth and Jefferson streets, under the auspices of the Afro-American Central Improvement Club, for which elaborate preparations have been made. It is expected there will be a large attendance, but in this respect there will be no drawing of the color line.

There will be a Jackson meeting to-night in Germania Hall on Franklin street, between Sixth and Seventh streets.

J. L. VALENTINE, PIONEER, IS DEAD

Former School Census Marshal Passes Away in Alameda.

James Lloyd Valentine, former school census marshal and a resident of this city for thirty years, died this morning at the Alameda sanitarium, where he had been removed from his home, 2256 Encinal avenue, three weeks ago. Death was caused by a complication of diseases induced by an attack of pleurisy which Valentine could not combat. He had been ill at frequent periods for four years and had a weak heart, which made his recovery hopeless from the first.

At the time of his death Valentine was in the employ of the Oakland Gas and Heat Company as collector. He was formerly in the stationery business on Park street.

After retiring from business, Valentine was employed by the government as shipping clerk. He was a charter member of the Halcyon court of the Native Sons of the Golden West and a member of the Foresters of America.

Valentine's death is being mourned by a host of friends, among whom are City Clerk Frank E. Browning, City Auditor Croll, Deputy Auditor Ernest Mayrachs and Constable Cralin.

WHEN PRICE IS THE CONSIDERATION

¶ When the purchase of your Piano is being considered, when the question of getting the best possible Piano value for the sum invested is up for decision, then it is that the business methods, the character of our house, the superiority of our Pianos and the fairness of our prices and terms must be considered.

¶ Quality considered, we sell Pianos for less than any house on the Pacific Coast. Yet quality must be the first consideration with us and second only to the permanent satisfaction of the buyer.

¶ Our line of medium-priced Pianos is most complete. The Ludwig, famed as the most popular Piano in the West; the Harrington, built to last a lifetime; the matchless Milton, most reasonably priced, yet of high quality; the popular Kingsbury, the Wellington and others are good Pianos, every one, and priced right—25 to 40 per cent less than Pianos of like grade have ever been shown at other houses.

¶ See us about your Piano; examine into our methods, our guarantee, our easy payment plan. Let us show you, then make your own selection of Piano and the house whose methods most please you. All we ask is an opportunity to prove our goods and our selling plan the best in the West.

For the Thin and Bloodless!

The thin and bloodless with pale cheeks, white lips and frail angular physique of this community have been much interested in the reports of physicians and others who have used the Foodolite Food for treatment for increasing the red corpuscles of the blood, thus adding color to the depleted complexion. From twenty to thirty pounds is not at all unusual where the treatment is regularly used for a period of three to four months. Foodolite is almost from the beginning. Most good apothecaries supply it in the form of capsules, but the Foodolite Food is supplied in sealed packages, with directions for home use. Its action aids assimilation and absorption of the food eaten very promptly.

GOOD FRIDAY CELEBRATED IN CHURCHES

House of Worship in Oakland Crowded With Devoted Congregation.

SPECIAL MUSIC HEARD IN CATHOLIC TEMPLES

Early Mass Brings Out Crowd; Services to Be Held This Evening.

Good Friday services were held in all Episcopal and Roman Catholic churches throughout this city today. Impressive ceremonies were conducted by the clergy.

The Catholic sanctuaries were filled with worshippers at an early hour this morning and in many of the churches the devotions will be continued this evening, when musical programs will be given by choirs and sermons will be preached by the clergymen.

In Trinity church, Twenty-ninth and Telegraph avenue, the choir will give oratorio music tonight, when the Lenten season will be brought to a close. The famous oratorio by Dupre, "The Seven Last Words of Christ," will be sung and a short sermon will be delivered on each word by Rev. Clifton Mason, rector of the church.

MANY TO SING.

The choir will be assisted by the following: William Wright Jr., baritone; Mrs. George D. Carter, soprano; C. Hampton, tenor.

The following are members of the choir: Sopranos—Miss E. Campbell, Miss L. G. L. Turtlo, Miss Trenholtz, Miss M. Diggs and Miss M. Prest. Altos—Mrs. Allen, Mrs. L. James, Mrs. Schamel, Miss G. Bowen, Miss E. Taylor, Miss V. Prest, Mrs. Griswold and Mrs. George Taylor. Basses—C. Korling, F. Knight, R. Munsell, L. Suckert, J. Hampton and H. Stephens.

Tenors—M. Bankhead, H. Knight, John King and W. Kyte. C. E. Church, organist and choir master.

Rev. Dr. George W. White will preside over the devotional services to be held in the First Methodist Episcopal church, Fourteenth and Clay streets, this evening, when he will preach the passion service. Rev. Dr. White, rector of the church, will lead the services.

In the Swedish Lutheran church, Tenth and Grove streets, a cantata entitled, "The Crucified," will be given this evening by a choir of eighteen voices. Rev. Dr. Sorenson, pastor of the church, will lead the services.

particularily happy, while his introduction of Mayor Mott was eloquent.

MAYOR MOTT SPEAKS.

After his introduction, Mayor Mott said:

"It must be apparent to everybody that the popular idea of conducting elections is certainly popular. This is seen by the great number of candidates who are running for office. I approve of plenty of candidates placing themselves before the people. It is a good way to discover really commendable candidates, because the public can be trusted to investigate the merits of the candidates before voting for them. Under the old system there used to be a great deal of voting in blocs and the feeling of the voters would be aroused. Now everybody has an equal chance and the fact that nomination is not a privilege but a duty places a strong responsibility upon the candidate.

"It is unpleasant for me to say that among the candidates for favor are some who are not acting fairly, truthfully or honestly. I am, however, a citizen and I am entitled to state my own platform and should also be required to explain why I am entitled to be elected. I am not in my own mind, my platform is simply one of facts known to all of you. The records of the City of Oakland for the past six years constitute my platform and I make no further promise than that you shall have a continuation of the same policies and principles administered by whatever experience I may have gained in your service.

BASED ON FALSEHOOD.

"Some of my opponents are making a campaign based on absolute falsehoods, misrepresentation and garbled statements and maliciousness. I am impelled to say this not from purely personal reasons, but because I appreciate the fact that the making of such an attack upon me and the dissemination of such statements among the public is a deliberate attempt to deceive and mislead the voters and to create a prejudice which cannot but be harmful to the city of Oakland and to play into the hands of her competitors.

"I am not going into details because the facts are easily in your possession and memory. There is not a page of record at the city hall, even the minutes of all public meetings, which are not my own property, and to which I do not have access. You must have access to your own records and to which I do not have access.

"This is not so much my fight as your fight. It was not my original intention to be a candidate for mayor for the coming term, but pressure was brought to bear upon me to show me that as a matter of duty having undertaken so much and having been entrusted with the spending of many millions of your money, I ought to consider it a plain duty to accept the office of mayor for the first term under the new charter to see that Oakland's great improvements are carried out along the lines by which they were projected.

CONSTRUCTIVE PLATFORM.

"A candidate for mayor should certainly have a constructive platform. I cannot see what benefit a candidate can give from unprincipled candidates who have nothing to offer but to attack my administration. I know that there is not a single action calling for apology. Some of the scurrilous things circulated about me in the past have been so patently untrue that I have been obliged to state publicly that they were untrue. I am not going to voice attacks on anybody or anything, but merely refer you to the facts and the truth, and upon those alone I am perfectly willing to trust the future in your hands."

MEN OF EXPERIENCE.

"It will be necessary that men of experience in business, men experienced in professional work, be elected to the positions of commissioners. Now, it is important that every man who goes on the new commission should be a man of ability.

"I was elected six years ago on a platform of progress. It was a campaign started with the idea that we could still make this a modern city, that

This is "Oakland's VEILING HOUSE"—25c, 35c, 50c and up.

ENTHUSIASTIC CROWD OF VOTERS GREET'S MOTT

Young Men's Progressive League of Two Wards Hears Mayor in Rousing Campaign Speech

The great interest in the candidacy of Mayor Frank Mott for re-election under the new charter was displayed last night at a meeting of the Young Men's Progressive League of the Second ward in conjunction with the Young Men's Progressive League of the Third ward, in Corley's hall, Twenty-second and Grove street. The crowd awaited the mayor for nearly two hours and then gave him an ovation.

The mayor, with City Auditor Gross and City Treasurer Meese, had been unexpectedly detained in attending other meeting in the eastern part of the city. One of these gatherings was in Elmhurst and another at Twenty-third avenue and East Fourteenth streets. At each of these meetings there was a large attendance, which insisted upon the mayor and associates prolonging their stay by repeated bursts of applause of what had been said as also a recital of the great things done by the present administration for the advancement of this city.

As a consequence, it was close to 11 o'clock when the mayor and his party arrived at Grove and Twenty-second streets.

The hall was packed with people who, from time to time, were assured that the mayor would make his appearance, because it was known that he would never think of disappointing the people of the second and third wards, where, as in other sections of the city, he counted his supporters by the thousands.

MUSICIANS FILL GAP.

During the long delay there were speeches made by a number of candidates and, at the same time, the rendition of a series of musical selections in brass, the harmonica and piano, by a trio of young men of the wards in question, which aroused the wildest enthusiasm of the people. These selections were by Thomas, Fillmore and Thomas, forming what is known as "That Musical Trio." Their services were frequently demanded by the auditors.

This was the first meeting under the auspices of the clubs and was probably the most successful gathering of the campaign in point of numbers, appreciation of the mayor and the manner in which the proceedings were conducted. Notwithstanding the large attendance, there was not an act of any kind to interfere with perfect order. Refreshments were served and a discussion had of the questions of the campaign. The management of the club was in the hands of the following officers: President, George Palmer; vice-president, Charles McQuire; secretary, W. E. Lenane; treasurer, John Rafael; sergeant-at-arms, F. J. Crowley.

The meeting was presided over by Dr. H. B. Mehrmann, a master hand in that line of work, because while directing the proceedings according to the rules of order for such occasions, he interjected into the proceedings bits of wit and humor which caused laughter in all parts of the hall. His opening remarks were

I've bought out my PARTNER

I must raise money to pay him off

We simply MUST raise money, for the retiring partner must be paid off.

And we are going to the extreme in price-cutting to raise the necessary amount.

Thousands have attended our sale—all were agreeably astonished at the greatness of the reductions.

Restorative Treatment for Nervous Men

Coming from a source of unquestioned authority on the ailments of men, it is presumed to be infallible, while the professional generally endorses the ingredients and prescribes them in many different forms of various diseases. The following formula is highly efficient in quickly restoring in nervous exhaustion, melancholia, anxiety, timidity in venturing, dizziness, heart palpitation, trembling limbs, insomnia, thinness, cold extremities, tired-all-in feeling and general inability to do those natural and rational acts upon which depends a man's success and happiness in social and every-day life.

The instructions for mixing at home secretly so that no embarrassment may be felt, are as follows: First get three ounces of syrup sarsaparilla compound and one ounce compound fluid balsam-wort; mix and let stand two hours. Then add one ounce compound essence cardiol and one ounce tincture endometic compound (not cardamom) and mix all together. The directions are to take one teaspoonful after each meal and one when retiring until bounding health and full strength are restored. Even a few weeks will witness most wonderful results.

Astonishing nervous force and equilibrium follow the treatment, no matter how serious the case. This contains no opiates whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefits.

SAILOR IS DROWNED.

WASHINGTON, April 14.—The drowning of Seaman Earl Berry of Urbana, Ill., who fell overboard while out sailing, was reported by the commandant of the New Orleans navy station to the Navy Department today.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

CHANGE IN RATES BARRED FROM BALLOT

Superior Judge Grants Writ of Mandate Asked by the Water Company.

PETITION NOT OBTAINED IN TIME BY BERKELEY

Court Believes Initiative Valid, But Withholds His Decision.

Superior Judge Ellsworth late yesterday granted the writ of mandate asked by the Peoples Water Company and the Berkeley Electric Light Company against City Clerk Seaborn of Berkeley to restrain him from placing on the ballots to be voted at next week's election proposals for a change in rates affecting the respective companies. The court held that the citizens of Berkeley had not commenced their action of obtaining petitions within the thirty-day limit prescribed by the charter, that is, they were five days too late in commencing the work and for that reason only, he said, the writ was granted.

As to the initiative provisions of the charter the court gave his opinion that it would be valid, but refrained from going into any decision of the matter.

SUBMITTED TO COUNCIL.

The ordinance providing for the fixing of the rates was submitted to the city council two weeks ago and that body referred it to the people under the initiative and referendum clause of the charter. Action was not taken in the matter until five days too late, also according to the provisions of the charter.

It was further given, as the opinion of the court that the ordinance was contrary to the State constitution in that the statutes provide that the rates of a public service corporation be fixed by the governing body after due notice has been served upon the corporation and a hearing given it in the matter. Whether or not the people are "the governing body" in this instance will have to be carried to a higher court for a decision.

As this is the first case brought in the State in which the initiative and referendum is involved in its application to such companies it will likely be carried still further in the courts.

KITES TO FLY AT BLOSSOM FETE

Hayward Festival Will Be the Greatest Affair of Its Kind.

HAYWARD, April 14.—Thousands of kites will form one of the features of the Blossom festival, which has been planned to precede the annual Cherry festival of San Leandro. The committee which has planned the event state that it may easily become one of the greatest fests that will ever be held in this state.

The festival, as designed, will be symbolic in character, expressing the rejoicing of nature at the birth of spring, and in detail it will include ceremonial processions, battles of blossoms, musical carnival and numerous picturesque sports. The whole celebration will be inspired by the aspect of the country at this time when the contrast between the gnarled trees and the pear-like blossoms creates one of the prettiest pictures in California.

The night spectacle will be even more interesting, throughout the city of Hayward and the fields of Cherryland. Many Japanese lanterns will gleam, while guardians of the groves will pass in and out amongst the trees, invisible behind the huge illuminated spheres they will carry on long poles.

No date has yet been set by the promoters of the scheme, but it is believed that the best time will be within the coming month when the trees will be loaded down with blossoms.

POLICE ON TRAIL OF CHICKEN THIEF

A. W. McKoy Calls on Law to Apprehend Men Who Have Robbed Him.

ELMHURST, April 14.—After laying in wait for three weeks in vain hopes of capturing the man who has been robbing him of his chickens, A. W. McKoy of 9454 Almond street, called upon the Melrose police yesterday in hopes that the trained officers of the law would be able to lay their hands on the culprit who made away with 350 four-months-old chickens in two nights. The loss of the fowls is estimated at a little more than \$200. No trace of the thief has as yet been found. Detective Emigh has been working on the case.

Aged Woman Falls From Hospital Window

Mrs. John Canivan, 60 Years Old, Staggered Through Opening in the Darkness.

SAN FRANCISCO, April 14.—Mrs. John Canivan, a 60 year old patient at the McNitt hospital, was painfully hurt by falling from a window at midnight. Mrs. Canivan got up from her couch and in the dark staggered about the room and fell from the casement.

She sustained a broken hip and severe bruises and abrasions, and may not survive the shock.

SUES FOR \$50,000.
SAN FRANCISCO, April 14.—Holding the United Railroads responsible for the accident which injured her husband, Feliks Witkowski, in November, 1909, resulting in his death last month, Mrs. Helena Witkowski this morning brought suit against the corporation for \$50,000 damages.

JEAN THURNHERR IS RECOVERING

Operation Successfully Performed on Girl in Hope of Curing Kleptomania.

Mrs. Jean Thurnherr, the girl burglar of Berkeley, who was yesterday operated upon at Merritt hospital in an endeavor to cure her of kleptomania, was reported to be doing well today, the operation, a complete success.

Her physicians state that unless complications set in, Mrs. Thurnherr will be out of the hospital in two or three weeks, and it is their belief that the young woman will be permanently cured of her mania for stealing which led her to San Quentin penitentiary.

Kohler & Chase Open Every Evening Till Moving Day

Tonight and Tomorrow

(SATURDAY)

MISS MARY REILLY DIES AT AGE OF 82

Miss Mary Reilly, for nearly half a century a resident of Oakland, died Wednesday night at her home, 412 Seventeenth street, aged 82 years. Death was due to old age.

Miss Reilly was well known here, having come to this city in 1863. On her arrival here she made her home with Professor Durant, first president of the University of California, at what was then his private home on Seventeenth street, and where Miss Reilly had resided since. She was a native of Iowa.

The funeral will be held on next Monday morning from the undertaking parlors of Henry Evers, with interment in Mountain View cemetery.

Instead of attempting to drive a nail a woman should try coaxing it.—New York Press.

Lying Under Pretense of Civic Patriotism

DECEPTION denotes insincerity. No man ever engaged in systematic lying for a good purpose. Any man who claims to be a friend of the people but who tries to deceive and delude them can not be trusted. Calumny and falsehood are not inspired by good motives, and no man is sincerely desirous of doing the public a service when he deliberately sets out to mislead and deceive—when he seeks to impress false ideas on the public mind and traduces public officials with the object of furthering his own ambition.

These remarks are appropos of the campaign of villification that two of the mayoralty candidates (one of them has withdrawn in favor of the other) have conducted against Mayor Mott. Not a single statement those men have made regarding the municipal government and the part Mayor Mott has played in the affairs of the city is free from the vice of studied falsehood. All their efforts have been directed to deceiving the people and defaming the man they are trying to supplant.

Both claim to be friends of the people, yet both are striving to deceive, humbug and mislead the people. Both profess to be actuated by an honorable desire to serve the city, but both are making systematic falsehood the basis of calumny and misrepresentation. Their warfare is distinctly dishonorable, their methods despicable, their malice apparent. What their motives are, can only be judged by the character of the campaign they are making, by their methods and their vicious disregard of truth.

Not only is Mayor Mott libeled, but the government of the city is defamed, the condition of the public service scandalously misrepresented and the standard of political morality prevail-

ing in this city pictured as depraved. Every step taken in municipal progress is derided and calumniated. Nothing has been done right, say these men, and the greater part of what has been done, they assert, has been done wrong wilfully and with evil intention.

These two office-seekers are trying to make the people believe that the city is incompetently and corruptly governed; that the officials in charge of the administration are robbing the people and wasting the public money; that they are all in a knavish conspiracy to defeat the legitimate ends of government. To give a color of justification for this wholesale indictment of the government, and the officials in charge of it, every act and event of consequence which has transpired during the six years last past, has been falsified outright or grossly distorted. Instead of making rapid progress, we are told by these men that Oakland is going backward—that she is wretchedly misgoverned and systematically plundered.

There is not a man of sense in the city who does not know that all these representations are false. That Frank K. Mott is a high-minded, sincere, public-spirited citizen is acknowledged by everybody save the spiteful clique of shabby politicians who are trying to get into office by defaming him. That he is a capable and diligent executive is shown by the quality of the service the public is receiving from the police, fire, street and sanitary departments. That the city has made tremendous strides under his administration is a matter of common knowledge. That the standard of efficiency in the municipality is higher today than it ever was before is indisputable. At no previous time have the subordinates in the several departments been of a higher or more intelligent character.

But everything is rotten, say the candidates who are pa-

triotically lying to elect themselves that they may cleanse the Augean stables at the City Hall.

But are liars to be trusted? Is base conduct a proof of good motive? Is effort to deceive the people evidence of a desire to serve them? Fidelity to principle is the first and chief guarantee of fidelity to trust, whether public or private. Promises coupled with lies cannot be relied on. The man who will deceive the people to get into office will deceive them after he gets in.

The government of the city is the general business of the public. The people are entitled to know all about it. They should know the truth that they may judge how well the men they intrusted with the management of their affairs have discharged their duty. The people cannot judge fairly and justly unless they are told the truth. The man who tells them what is false is trying to delude the people into rendering an unfair and unjust verdict. That is the object of all this lying about Mayor Mott and what has been done during his incumbency as Mayor. It is an effort to hoodwink the people and mislead them into doing themselves and a high-minded official an injustice.

A man honestly desirous of serving the people will endeavor to enlighten the people instead of deceiving them. If he is seeking justice he will tell the truth and do justice. If his aim is to aid the cause of good government he will not malign the city and the men who have managed its affairs. He will discuss public affairs and the character of candidates with candor and fairness, and by so doing will justify a good opinion of himself. A blackguardly campaign of falsification and villification is the most worthless credential a candidate for office can present. It is the only credential of Mayor Mott's noisiest rival in this campaign.

Meese Should Be Chosen Commissioner.

When Mayor Mott selected Edwin Meese to fill the vacancy in the office of City Treasurer created by the resignation of Richard M. Ayres, who retired to enter into the more profitable activities of a private business life, Oakland secured one of the best and most conscientious guardians of its public funds that it ever had. He had proved his disinterested and inflexible devotion to the city's best interests and his zeal for their advancement as a member of the City Council, in which body he proved to be one of the most clear-headed, honest, painstaking and influential representatives. Into the office of City Treasurer and Tax Collector, he brought ripened business experience and a quickened intelligence, and so earnestly and faithfully did he respect the responsibilities and perform the duties of the office that he won the complete confidence of the community, and at the close of the term to complete which he had been appointed he was elected to the office for the term he is now serving practically unopposed.

The new charter makes the City Treasurer and Tax Collector an appointive office; but much of the administrative responsibilities of the financial affairs of the municipality are transferred to Commissioner No. 1, to which position Meese is now a candidate for election at the coming primary. His perfect mastery of the business affairs of the city, through his experience as Councilman and as Treasurer and Tax Collector, specially commend him to the goodwill and support of its electors. Indeed, the Freeholders who framed the charter were saved from making serious, if not fatal, mistakes in their definition of the official duties and responsibilities of the management of the city's fiscal affairs, through Meese's timely intervention, and the board recognized the soundness and wisdom of his suggestions by adopting them in its revision of the new organic law. Moreover, as City Treasurer, Meese co-operated heartily with Auditor Gross in the carrying out of those reforms relating to the payment of salaries to the city employes which abolished vicious practices previously in vogue and resulted in a saving to them of thousands of dollars annually, added immensely to their convenience and benefited the city by a greater economy of the time of those employed in its service.

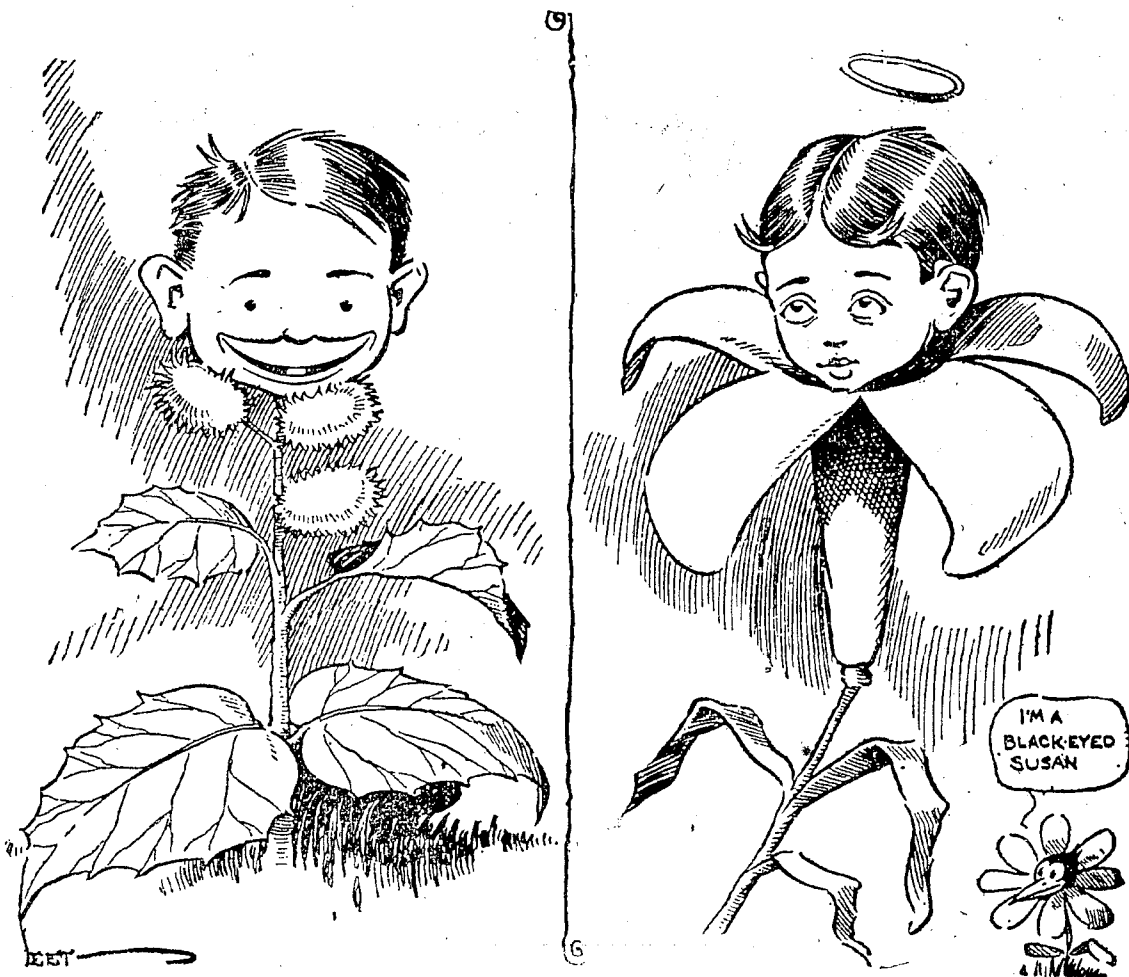

Oakland cannot well afford to lose the valuable services of such an efficient, honest, conscientious and thorough business officer as Meese has proved to be. The public appreciation of his splendid work, high character and sterling integrity as a public representative and trusted official and of the rare personal and business qualities which he possesses, should be demonstrated at the primary by giving him such a handsome majority as to there and then settle the question of his election to the position of Commissioner No. 1.

Mr. Bryan has received another sharp reminder that he is no longer the dictator of the Democratic party. When it was announced that Senator Martin of Virginia would probably be selected by the Democrats of the Senate for their floor leader Mr. Bryan promptly vetoed the choice. He said Senator Martin's Democracy was not of the right brand and announced that the Democrats would have to select some other man—some statesman who takes the Commonwealth for his guide and monitor. But the Democrats did not obey the command issued from Lincoln. They elected Senator Martin and virtually told the three-time loser to go way back and sit down.

The Democrats in the House showed the sincerity of their professions by increasing the majority on all standing committees from six to seven and putting the new rules through with the steam roller. Fairplay and freedom of debate received a knockout the second day of the session.

The Park Commission is now in actual possession of one of the finest natural parks owned by any city, through the payment of the first installment of \$20,000 of the purchase price for Mosswood. While the commission has been in nominal possession of the property since the Bankers' Trust advanced the money for its purchase in behalf of the city the ownership was really under the absolute control of the trust which held the deeds to the property in escrow. During the period of nominal possession improvements have been made

Burbank, the Plant Wizard, Has a Plan for Reforming Bad Boys

Before Burbank Treatment.

After Burbank Treatment.

—SAN DIEGO SUN.

to the property under the direction of the Park Commission, the Bankers' Trust advancing the money for that purpose also. Now that the city has come into actual possession the commission will throw the park open to the public and proceed with its further improvement on intelligent lines which provide for the least possible disturbance of its natural beauties. It will also be equipped with park utilities which give the public the fullest measure of comfort and enjoyment.

The decision of the Spring Valley Water Company to proceed at once with the work of constructing the big Calaveras dam in the neighborhood of Sunol means the expenditure in Alameda county of approximately \$2,000,000 for labor and purchase of materials besides the creation of a reservoir covering an area of 1200 acres. The dam will be one of the largest of its kind in the world and the water impounded by it will, it is represented, nearly double the present supply of the company from that source.

Congressman Rainey has introduced a resolution for an inquiry into the matter of the secession of Panama and the dealings of our government with the infant republic and its godfathers and wet nurses. This will give Colonel Roosevelt a chance to tell Congress how he took Panama. He boasted at Berkeley that he took the isthmus, and we have no doubt that he did. But it would be interesting to hear the particulars. Secretary Hay and Secretary Root indignantly denied that President Roosevelt had any hand in the Caesarian operation by which the "republic" of Panama was brought into existence, but the Colonel rather proudly boasts that he was the chief operator. He regards the taking of Panama as a creditable exploit; but if so, why did he permit his cabinet subalterns to vociferously deny it? Why didn't he acknowledge it at the time with the same frank bravado that he does now?

This World's People

David C. Coates, the new commissioner of public works of Spokane, was at one time Governor of Colorado.

Judge William Reed of Paducah has entered the race for the Democratic nomination for Governor of Kentucky.

In Oswald West, Oregon has one of the youngest Governors of any of the states. Governor West will celebrate his thirty-eighth birthday next month.

Bachelor Musings

Language isn't enriched nor truth embellished by profanity. Cut it out.

If a man can afford to own an automobile he will have more money if he doesn't.

Love is said to be a weakness, but it manages to make a strong bluff at times. Some men continue to heap coals of fire on an enemy's head until the burn their fingers.

Our idea of an unfortunate woman is one who possesses feet a size larger than the shoes she wears.

Ordinary mortals might possibly manage to get along without physicians, but it would be a bitter pill for the druggist.

About the only difference between the antiquarian and the junk dealer is in the prices they pay for useless articles. —New York Press.

Passing of a Famous Artist.

Through the death of William Keith California has lost one of its most noted landscape and portrait painters. Indeed he had no peer in landscape painting in this State save the late Thomas Hill. Hill gained fame through his wonderfully realistic reproduction on canvas of the incomparable grandeur and beauty of the Yosemite Valley. Keith drew his inspiration on the other hand from Mount Shasta and its surroundings, from the snowclad heights of the Sierra and the deep recesses of the Kern river canyon.

In his early career as a landscape painter, Keith was ambitious to excel and none of his contemporaries was more painstaking and conscientious in his work. He reached the zenith of his fame as an landscape painter over twenty-five years ago, when he took up portraiture with equal success. But it is doubtful whether he produced anything in landscape painting during the last quarter of a century that equaled what he had produced before. Indeed, the announcement that the destruction of his San Francisco studio during the great conflagration of April, 1906, involved the loss of hundreds of his canvases, while illustrating his remarkable industry, also carried with it the suggestion that Keith had in his later years acquired a keen conception of the commercial value of his work. But the great calamity of five years ago consumed not only his studio and big collection of sketches and paintings, but many of his masterpieces in the private and public art collections in San Francisco. He never recovered from the shock and the desperate effort he subsequently made to reproduce some of the best of his pictures which had been destroyed was too much of a strain for one of his advanced years to successfully resist.

But among those who knew Keith best his death will be mourned more for the loss of his charming personality than for the closure of his artistic career, for he was one of the kindest as well as one of the most modest and gentle of men.

The members of the Lumber Handlers' Union showed their contempt for the crooked card campaign against P. C. Frederickson by endorsing Mr. Frederickson for Commissioner No. 4. Some of Mr. Frederickson's opponents are trying to unco the public with a false statement, circulated under false pretenses, to the effect that Mr. Frederickson is unfriendly to union labor; but genuine union labor men know better. They know that Mr. Frederickson is an employer of union labor and a friend of working men. The action of the lumber handlers shows Mr. Frederickson's standing with organized labor, and at the same time proves that union men have no sympathy with guerrilla politics and guerrilla politicians.

20 YEARS AGO IN OAKLAND

The will of the late Robert Noblett was opened this morning at his home and the contents have been made public. It is estimated that the estate is worth about \$20,000.

Dr. D. D. Crowley has resigned from his office as health officer of the City of Oakland, the resignation to take effect immediately.

A cure for insomnia. Go to Alameda on the day of a city election. A mild tranquilizing excitement. The local papers call the scene wild, but the wildness is that of a Sunday school picnic.

E. W. W. Bayles, probably the wife of J. Bayles, the housemover, who, with his workmen, Flora, discovered the hidden treasure a short time since, is investing in real estate. Today four deeds were placed on record.

When Samuel Merritt died he made a bequest in his will of \$50,000 for a tomb. This afternoon a contract was placed on record wherein F. E. Knowles and Abel Hosmer agreed to build the tomb for \$35,000. The tomb will be erected adjoining the Crocker monument in Mountain View cemetery.

H. H. Nagle of East Oakland has employed a detective to investigate the stealing of the British flag from the front of his residence on the evening the Social Guild of the Church of the Advent held an

entertainment there. Some of East Oakland's best citizens were connected with the matter. They did not like the looks of the English flag alongside of the American flag, so tore it down.

William B. McKenzie of San Leandro gave a party to his young friends Friday evening in the Hemme mansion on Watkins street. Among those present were: Mr. and Mrs. J. E. Brown, Miss Lucy Sturtevant, Miss Nellie Sturtevant, Miss Mabel Southwick, Miss Emma Rod, Miss Jennie Brown, Miss Maud Brown, Mr. and Mrs. R. Palmer, Miss May Bilger, Miss Millie Cherry, Miss May Martin, Miss Louise Watkins, Miss Isabel Comack, Miss Jennie Davis, T. Wilkie, E. Bruner, A. Bruner, H. Cassidy, F. Antone, B. E. Aher, Ed Mendell, F. W. Bilger, C. Ried, E. Stone, Tom Sturtevant and others.

It is reported by very good authority that Dan McCarthy, familiarly known on the turf as "White Hat McCarthy," has purchased the Hearst ranch, just below town, and that he will soon take possession of the same and commence the building of a fine track for the training of horses.—Pleasanton Times.

Bids for the lighting of the streets of Livermore have been advertised for by the town council. If by gas, 40 lights are to be provided and if by electricity 11 masts, as at present, will be used.

ENGAGEMENT RING REVEALS SECRET

BERKELEY, April 14.—An engagement ring on the finger of Miss Leigh Stafford, prominent sorority girl and thesian of the University of California, away the secret of her engagement to Ivan John Foulds, a young attorney of San Francisco, and son of John E. Foulds, a prominent member of the law department of the Southern Pacific Company. The date for the wedding has not been set.
She is a member of the Pi Kappa Phi Society, Mask and Dagger and English club. Her mother is Mrs. R. H. Walton.

BABY'S ECZEMA BEGAN IN PIMPLES

When Two Weeks Old, Would Water and Itch. Broken Out Most on Face. Used Box of Cuticura Ointment and Neely Cake of Cuticura Soap. Was Completely Cured.

"My little girl had eczema on her face which first started to break out on her when she was two weeks old. It began in pimples, and would water and itch. It was on the back of her neck in the edge of her hair, and in between her shoulders. The skin was broken out the most on her face.
I doctored with different doctors, and they did not seem to help her. Then a cousin of mine recommended the Cuticura Remedies. She said they cured one of her children, so I tried them, and they gave my child relief. I used a box of Cuticura Ointment, and nearly a cake of Cuticura Soap, and my little girl was completely cured. She is three years old now and has not a sign of eczema. I have been keeping the Cuticura Ointment ever since and think the Cuticura Remedies are all right. I tell other people about them and how they cured my little girl." (Signed) Mrs. Minnie Clutter, Deer Lick, Pa., Aug. 29, 1910.

Cuticura Remedies afford the most economical treatment for affections of the skin and scalp of infants, children and adults. Sold throughout the world. Potter Drug & Chem. Corp., sole props., 127 Columbus Ave., Boston, Mass.

Free Mailed, free samples of Cuticura Soap and Cuticura Ointment, with 32-page book on the care and treatment of the skin and scalp.

MEASURE FAVORING SANE FOURTH IS RECOMMENDED

Majority of Judiciary Committee Wants Noiseless Celebration.

ATTORNEY C. E. SNOOK
OBJECTS TO REPORT

Action Taken in Order to Warn Merchants Not to Buy Fireworks.

Conditional recommendation of the ordinance to prohibit fireworks on the Fourth of July was given by the ordinance and judiciary committee last night, and the bill will come before the City Council, Monday night. There was not a quorum of the committee present, and Attorney Charles E. Snook protested that the committee could not recommend any measure, as the rules of the council provide that a quorum must be present.
Despite the protest, the measure was recommended by the councilmen present for the specific purpose of giving notice to the dealers in fireworks that such an ordinance is to be passed, so that those dealers will not lay in a stock of fireworks and firecrackers. The ordinance was sent to council in the form of a minority report, recommending its passage.
This is a modification of the ordinance passed last July and vetoed because its passage immediately before Independence day would work a hardship upon local dealers.
Representatives of several women's clubs were present at the meeting of the committee to advocate the passage of the sane Fourth of July ordinance. Among those who spoke in favor of the ordinance were Mrs. Frank Moyer of Dennison East Oakland club, Mrs. M. E. Murray of the Equal Suffrage League, and representatives of the Child's Welfare League.

TRUSTS RULE IN U. S., SAYS OWEN

Senator Declares That Even Courts Are Controlled by the "Interests."

WASHINGTON, April 14.—Charging that corporate bodies today control not only the legislature, but the courts of the United States, and that law in these instances no longer means justice, Senator Owen of Oklahoma last night, speaking at the Maundy Thursday dinner of the Scottish Rite Masons of the District of Columbia, assailed the "lure of gold."
Senator Taylor of Tennessee, also a speaker, asserted that money madness had brought Americans to a state where "if they want to they would dig up the golden streets of the New Jerusalem and levy a duty on the harps of the angels to protect American industries."
Owen said that it was impossible for the government to control trusts when the trust already controlled the government. A return of power to the hands of the people, he asserted, was the only remedy for conditions that prevail today, when "not only legislatures are controlled by corporations, but judges are appointed that are favorable to the interests."

VARSITY CIRCUS FULL OF 'STUNTS'

California Field Will Be Scene of Diversion Night of April 29.

UNIVERSITY OF CALIFORNIA, April 14.—Clowns will cut capers, fairies will fool the feeble-minded and angry animals will growl on California field on the night of April 29, the date set for the monster circus to be given as a benefit for the interscholastic track meet fund. California field will be made as bright as day by the aid of many lights and incandescent lamps. A large platform is to be built at the southern end of the field where the main show will be given. Side shows will range along the northern and eastern sides, while thirty clowns and burlesque animals will appear in different parts of the grounds.

TO LIGHT BIG C.

In preparation for the intercollegiate sports which will take place tomorrow, the big C committee from the freshman class gave the big letter a new coat of paint yesterday afternoon. A force of volunteer mechanics will put the wires in place today so that the C can be lighted this evening, in accordance with the usual custom.

SENIOR ASSEMBLY.
The next Senior Assembly, which will be the last to be given by the class of 1911, will be held Thursday evening, April 20, after Senior Singing. The affair will be informal, the men going just as they are, and the women in their dancing attire. The dance the girls will serve a light dinner to the men.

TO PLAY CHESS TONIGHT.
Two teams of seven men each representing the Cardinal and the Blue and Gold, will tonight match their wits over the chess board in the annual intercollegiate tournament. The games will be played in Siles Hall.

REPRESENTATIVES OF TWO UNIVERSITIES TO DEBATE

UNIVERSITY OF CALIFORNIA, April 14.—Student debaters will appear upon the platform of Harmon gymnasium tonight to argue with Stanford in the eighth forensic struggle between the two universities.
The question on which the teams will argue tonight is "Resolved: That the United States should establish a central bank, waiving the constitutional prohibition." N. B. Drury, P. M. Shipper, J. J. Miller and H. H. Fleeger, alternates. The Stanford debaters, who will uphold the negative, are F. H. Hilton, R. E. Person, R. J. Miller, and R. L. Smith, alternates. The judges are G. A. Sturtevant, Frank J. Symmes and Rabbi H. Meyer.

J. M. ROSENBERG DIES AT AGE OF 66
Decedent Was Injured When a Member of Volunteer Firemen and Lost His Leg.
Jacob M. Rosenberg, who for a number of years kept a newsstand on the southwest corner of Eighth street and Broadway, died yesterday at his home, 1563 Filbert street. He is survived by a widow and three daughters, all residents of this city.
Rosenberg was a member of the volunteer firemen of Oakland and nearly fifteen years ago while engaged in fighting a fire he suffered injuries which later resulted in the loss of his left leg. Decedent was a native of Germany and 66 years old.
DIAMOND IN TOBACCO SACK.
SACRAMENTO, April 14.—John McLaughlin, a trusty at the county jail, had the unusual good fortune of finding a diamond ring in a sack of tobacco which he had been smoking. As he shook out enough tobacco to roll a cigarette his attention was attracted by a sparkle in the depth of the tobacco in the bag. Upon investigation he brought forth a gold ring set with a small diamond.

STACHLER HAS WORKED FOR PROGRESS

Addresses Franco-American Club on Provisions of New Charter.

At a meeting of the Franco-American Club at Foresters' Hall last night, Councilman Eugene Stachler, candidate for Commissioner No. 3, made an address on the new charter and the changes that it will make in the different departments of the city government.

As a member of the City Council Mr. Stachler was one of the prime movers in calling an election of freeholders to frame this new charter and took keen interest in seeing that it was adopted by the people.

Under the new charter Mr. Stachler pointed out to his audience that the present City Council of eleven men would be done away with; in their place the people will elect four commissioners and a mayor, who will have all the legislative powers of the old City Council, and the entire charge of the different departments in our city government. These commissioners, besides framing the laws through the departments under their charge, must see that all ordinances and laws are carried out, thus making this board directly responsible for the proper conducting of the city's business and preventing the shifting of blame in case things are not run right.

Under this new system our city will be conducted exactly on the lines of a large department store, the mayor representing the manager and the four commissioners the heads of various departments.

In selecting the heads of these departments the people should choose men who are thoroughly familiar with the city's business, just as a department store secures the services of men who are thoroughly familiar with the department store business.

In standing before you as a candidate for Commissioner No. 3, I wish to state my qualifications for the position. I am an assiduous worker and a member of the City Council. During my tenure of office I have tried to always act for the best interests of the entire city. Many important questions have come before the City Council during my term of office and I think you will find by my record that I always advocated the best interests of the city.

If you elect me as a commissioner I pledge myself to the completion of the waterfront improvements, the extension of our sewerage system, the erection of a municipal garbage crematory that will save the city \$5000 a month, the enlargement of our present school system to adequately meet the demands of our fast growing city and any other public improvement that may come before the Board of Commissioners while I am a member.

For four years I have been a member of the City Council. During my tenure of office I have tried to always act for the best interests of the entire city. Many important questions have come before the City Council during my term of office and I think you will find by my record that I always advocated the best interests of the city.

WOMAN BADLY HURT IN FALL FROM CAR

SAN FRANCISCO, April 14. — Mrs. Mary Martin of 1154 1/2 Washington street, fell from a car at Market and Thirteenth streets, this morning and sustained a fracture of the hip. She suffered contusions and lacerations of the head and is treated at the Central emergency hospital.

YOUNG MEN'S LEAGUE MEETS

Enthusiastic Gathering Gives Mayor Mott a Hearty Reception.

(Con. from Page 4, Col. 4.)

We could still build here a real city. We recognized that Oakland was a beautiful place, and also that it could be made to advance in a commercial way. If we have proceeded in a manner that would enable the people to respond, we would like to do many things at one time, but we know that we can't stand it. We can make only a certain number of improvements at a time.

In speaking of the improvements on the western water front, the mayor said that there was to be established a settlement of warehouses connected with the main land by filled-in territory, streets, electric cars and belt lines affording accommodation to the shipper as also the producer which can be excellent nowhere. The city had secured possession of the property through the action of the last legislature and wharves were being built there, which would bring to Oakland the commerce of the world.

WANTS TAX LIMIT.

City Engineer Turner, who is a candidate for commissioner No. 3, spoke of the work on which he has been engaged for the city and of some features of the new charter.

"There is no limit to the tax levy in the new charter," he said. "I think there should be; but the recent change in the plan of taxation has caused some uncertainty as to income. The charter framers probably thought best to omit a limitation for the present, and trust to the wisdom, moderation and backbone of the commission. For one I certainly am opposed to a high levy as being not only burdensome, but an advertisement tending to drive away new enterprises and investment and stifle growth. The new charter limits the term of franchisees to thirty-five years, and submits the question of the grant to a vote of the people. This is all right for an active, enlightened and high-minded constituency. In fact, this whole charter was framed with such a community in mind; and thus it is that success or failure in this respect will depend upon the people themselves."

He also declared that the people of this city should not afford to think of any other person, at this time, for mayor save the present incumbent, Frank K. Mott.

PLEASED WITH RECORD.

The next speaker was City Treasurer Meese, who declared that he had been a member of the city council for seven years and that he was pleased with his record in that body. He had been city treasurer for five years, and during that time had introduced reforms in the conduct of that office which had resulted in a saving for the taxpayers of the city.

By means of some of those new departments he reduced the delinquent tax from 12 per cent to less than 10 per cent. In the first year he had saved to taxpayers in this way \$8000, in the second year \$1000, and he hoped to increase in this way the savings from year to year.

City Auditor Gross said that he was a candidate for re-election and that he was not only the man who looked after the man who provided the money for the city and that in the event of his being elected to the position which he now holds, he would continue to do his office as faithfully in the future as he had in the past.

John Foster said he was a candidate for commissioner No. 4. He believed that the charter was the best instrument of the kind which had been devised by the government of this or any other city. He was proud of the part he had played in connection with it and he assured his hearers that if they would give him a chance he would make good.

BACCUS HAS REMINDER.

Councilman W. J. Baccus, candidate for commissioner No. 2, reminded his hearers of the importance of Oakland being fully prepared to take advantage of the opportunities that will be afforded by the Panama-Pacific Exposition.

We must, he said, have docks and wharves completed on the southern and western waterfront by the time the fair opens or we lose many of the benefits we expect to derive from the exposition. I voted for these improvements in the council and I want to see them carried out without delay and without any waste of money. I want the work kept going till ocean ships can berth at the city's docks and traffic can come into Oakland over her own wharves. The money the people have voted should be expended in a businesslike way to achieve the results intended, but there should be no delay and no waste.

MOTT DEVOTED TO CITY.

Councilman Stetever in commending the candidacy of Mayor Mott referred to his experience as a newspaper man in this city, during which time he had occasion to become acquainted with the official methods of the mayor and had always found him to be devoted to the city and thoroughly honest in the conduct of the affairs of the public. He had known the mayor from infancy and had appreciated him as a fellow player, and as a man of business, in all branches of which the mayor had figured he had attained success. When the mayor had been elected a member of the city council he had been true to the people.

The mayor had inaugurated a system of public improvements which could not be carried out by any other person and

PUBLISHED TIPS TO BE PROHIBITED BY NEW LAW

Stringent Ordinance Recommended to Council in the Minority Report.

COMPANION LEGISLATION TO ANTI-GAMBLING BILL

Will Be Misdemeanor to Print Forecast of Finish of Horse Race.

With slight modifications made at the suggestion of Deputy City Attorney Chas. Burdick, a stringent ordinance to prohibit the sale or distribution of newspapers or other publications carrying forecasts and tips on horse races and other similar contests was recommended by a minority report of the ordinance and judiciary committee last night. The proposed bill, introduced some weeks ago by Councilman L. N. Cobble, will come up for passage to print at the regular meeting of the council Monday night.

The proposed ordinance is aimed at pool selling and race track gambling and is framed as a companion piece of legislation to the Walker-Young anti-gambling bill passed by the state legislature. It is intended as a check on the part of the municipality with the state legislature for the suppression of gambling on horse racing.

APPLIES TO ALL.

The proposed ordinance will make it a misdemeanor for any person to publish or sell any publication containing either openly or in cipher or cryptogram, tips on horse racing or any form chart or forecast of how horses will probably finish in a race. It applies not only to local papers published in Oakland, but to the sale of newspapers from outside cities which carry racing news.

The proposed bill is modeled on one of similar nature already in force in Los Angeles. It is possible that when the measure comes before the council it may be provocative of considerable argument.

The regular time for the hearing is Monday night, but as this is the eve of the primaries and many of the members of the council are candidates in the present election, it is improbable that a quorum will be present.

WILL BE SHORT MEETING.

The council Monday night will in all probability transact no business, but will adjourn to Friday of next week. As a result there will be no hearing of the water rate matter Monday night, although the time for the hearing is becoming shorter and the matter will take some time to arbitrate.

The license committee of the city council last night recommended the granting of the following transfers of liquor licenses:

Transfers—Asher, Samuel E., 1011 Broadway, saloon and restaurant; successor to Meyer & Piro.

Appelbaum, C. A., 479 Seventh street, saloon and liquor store; successor to Appelbaum & Paul.

Helmske, J. Charles, 421 Tenth street, saloon; successor to Julius Boon.

Lafanchi, O., and Morgantini, A., 233-235 San Pablo avenue, liquor store and saloon; successor to Lafanchi & Roberts.

Shea, Michael B., 1466 1/2 Seventh street, saloon; successor to E. J. Clifford.

Pessagno, Tony, 1021 Fourth street, 1250 Seventh street, saloon; from himself.

Transfers annex—Hansen, Joseph, Eighty-third avenue and East Fourteenth street, saloon; successor to J. C. Newman.

ASKS GEOLOGISTS TO VISIT STATE

Lewis E. Aubury Invites Association to Meet in San Francisco in 1915.

State Mineralogist Lewis E. Aubury, in behalf of the miners of California, has extended an invitation to the American Association of Geologists to meet in San Francisco in 1915, during the Panama-Pacific Exposition. This will be presented to the association at its annual meeting, which will take place in Washington, D. C., April 3. Aubury's letter is, in part, as follows: "On behalf of the mining interests of California, I wish to offer the suggestion that the 1915 conference shall be held in San Francisco and during the Panama-Pacific Exposition. I can assure you that you will meet with a hearty reception by the miners of this State and we will bend every effort toward making your meeting a pleasant and beneficial one."

OLYMPIC CLUB TO LAY CORNERSTONE

Organization to Celebrate the 51st Anniversary on May 6.

SAN FRANCISCO, April 14.—The president and board of directors of the Olympic Club have issued invitations to a large number of the friends of the organization to attend the laying of the cornerstone of the new building at Post and Mason streets, Saturday afternoon, May 6, at 3 o'clock.

The Olympic Club will at the same time celebrate its fifty-first anniversary, the organization having been founded May 6, 1860.

The new club building is to be a handsome structure, six stories high. It will be fireproof, sunny and airy and furnished luxuriously for the convenience and comfort of the club members.

RANCHER SELLS HIS CHERRIES FOR \$45,000

VALLEJO, April 14.—S. S. Jones, a rancher who owns 120 acres north of this city in which is a Green valley, has for the last three years sold his last season's crop of cherries for \$45,000, and he expects to sell this year's crop for \$50,000, through the fact that he has a new orchard coming into bearing.

OAKLAND'S BOYS AND GIRLS

Y.M.C.A. STUNT NIGHT TO BE EVENT OF SEASON

Everything is in readiness for the big stunt night to be held tomorrow evening in the gymnasium of the Young Men's Christian Association, where several hundred boys representing all the churches and clubs of the institution will present clever acts.

Athletic feats will be eliminated from the program, which will be one of the most unique ever given by the lads, who will range in ages from 10 to 18. The gymnasium will be open to the public on that occasion. It has been designated as "boys' night." The variety of features to be given has not been announced, but it is presumed that it will be one of the most enjoyable events of the season.

A company of 75 boys in charge of R. P. Robinson left early this morning for a tramp to Redwood Peak, where they passed the day.

YOUTHFUL PIANIST TO PLAY IN CHURCH

MISS ETHEL ENGELHARDT, who will assist in the special musical program at the Centennial Methodist Episcopal Church.

Miss Ethel Engelhardt, a 15-year-old pianist and organist, will preside at the organ in the Centennial Methodist Episcopal Church, Easton Street, when a special musical program will be given. The young musician will introduce a number of attractive selections at the services. For many months the juvenile organist has been practicing the difficult compositions in which she will display her skill.

SNORE SAVES HIM.

WILKESBARRE, Pa., April 14.—Michael Benner of Plains, near here, owes his life to the fact that he can snore loud enough to be heard some distance. Early this morning a policeman heard snores from the direction of the Lehigh Valley railroad tracks, and suspecting that some one might be asleep and knowing that an express train was due, came upon Benner just in time to jerk him from the tracks before the passenger train reached the spot.

PLAYGROUNDS ARE SPRING HAUNTS OF CHILDREN

The playgrounds are the most popular resorts these days. The boys and girls are enjoying every moment of their vacation in the different pleasure grounds throughout this city, where hundreds of youngsters are being entertained.

One of the most attractive events to be held this season will be the May fete to be conducted April 29 in De Fremery Park playground under the supervision of the directors of the playgrounds commission.

The children of the public schools have been invited to attend the fete as well as to take part in it. The May Pole dance will include children of all ages and all sizes.

FOR DYSPEPSIA

You Risk Nothing by Trying This Remedy.

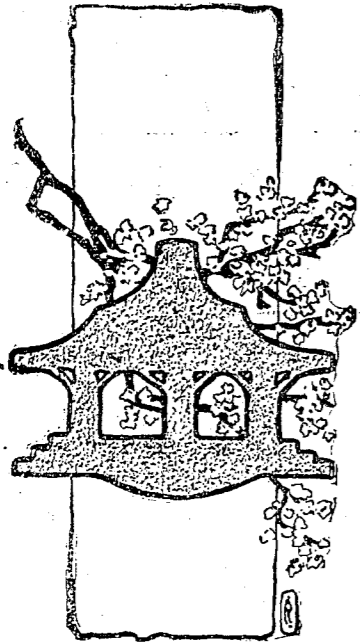

We want every one troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth-Subnitrate and pepsin prepared by a process which develops their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They soothe the irritable, weak stomach, strengthen and invigorate the digestive organs, relieve nausea and indigestion, promote nutrition and bring about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

Switching Limits.BERKELEY, April 14.—The opening
session of the National Educational Asso-
ciation will be held July 18, at the
Hearst Greek Theater on the campus of
the University. The delegates will ar-
rive in the morning and will have an
opportunity to view the beauties of
Berkeley before the meeting. This in-
formation was given at last night's
meeting of the Berkeley Chamber of
Commerce in a communication from the
California Development Board, which is
arranging the itinerary of the delegates.
It is estimated that from 30,000 to 40,
000 excursionists will join the trip to
California, and Berkeley will be one of
the first places to be visited.**CHANGE IN STATION.**The matter of changing the West
Berkeley Southern Pacific passenger sta-
tion so that it will be at the foot of
University avenue, will be presented to
the officers of the company by a com-
mittee of the Chamber of Commerce. A
request will be made for all trains to
stop at the West Berkeley station.E. E. Calvin, general manager of the
Southern Pacific, sent notification that
the change in switching limits in West
Berkeley has been made in accordance
with the request of the Chamber of
Commerce. The switching limits now ex-
tend to Gilman street, two blocks from
the city limits.A letter was received from the Uni-
versity of California indicating that a wel-
come will be extended to the forty young
men from Perth, West Australia, who
will visit Berkeley next September. The
people of West Australia have raised a
fund of \$21,000 to pay the expenses of
these students, who will make a tour of
British Columbia, Washington, Oregon
and California.**GIVEN THIS EVENING

which was attended by many visiting
members. Louis de Bow, one of the
officers of the national federation, and
a brilliant entertainer and talker, was
among the guests. The committee of
arrangements consisted of Messrs. Boyer,
Jewett and Herrod.**FUN IN BIG CHUNKS**CLAYTON MOORE and MATTIE ROONEY, a pair of clever
comedians, at the Bell.Do you want to laugh? Of course you
do; what a silly question, you say. Well,
tomorrow—or tonight—be sure and take
in the Bell Theater performance and see
and hear Kennedy and Rooney in the
laughable skit, "The Happy Medium." I
venture to say you never saw a funnier
act. Best of all, it's real natural wit;
it's fast; there's some good singing,
dancing, etc., and eccentric piano playing.
Then "The Finneys" are on the bill. The
human fish and the extraordinary feat
they execute in the large transparent
tank are really unbelievable until you
see them. And remember, on the
warm afternoons the Bell Theater is the
coolest place in town.

Gold Dust

Makes clean, healthy homes

GOLD DUST acts like magic on dirty floors, doors and woodwork. You do not have to bend until your poor back is nearly breaking in an effort to scour and scrub away the dirt. Add a heaping teaspoonful of GOLD DUST to a pail of water and the GOLD DUST TWINS will do the rest.

GOLD DUST makes floors and doors spotlessly white. It searches out dirt, germs and impurities from every crack and crevice.

GOLD DUST makes home—"sweet home." Save your strength by calling GOLD DUST to your aid.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form.

"Let the GOLD DUST TWINS do your work!"

FAKE SPEECHES BARRED IN HOUSE

Representative Clark Fires the First Gun in Fight on Undelivered Remarks.

WASHINGTON, April 14.—Representative Clark of Florida, during debate yesterday, served notice on his colleagues that there would be no "extension of remarks" or "leave to print" undelivered speeches in the Congressional Record, a popular outlet when debate is limited, during the Sixty-second Congress.

In the following remarks the House gave its attention to what were designated as "fake speeches." Representative Sherley of Kentucky insisted that they ought to be printed, but should be plainly labeled as not having been delivered in the House.

Representative Lafferty, a new member from Oregon, said he wanted to make a speech, but did not want to contribute a "fake speech" to the Record.

It is expected that a rule soon will be devised to govern the wholesale printing of speeches in the official daily publication of the House. The Senate allows no speeches to be published that have not been delivered.

THREE-TON HATTIE HAS 'TUMMY' ACHES

Trick Elephant Is Dosed With Four Quarts of Medicine and Is Better.

NEW YORK, April 14.—Hattie, a trick elephant whose antics have delighted thousands of visitors to Central Park menagerie, nearly died of clover colic yesterday, but today she is better. She over ate.

Hattie is a gentle little thing of some ten summers and three tons, and when she has an ache the pain is proportional to her tonnage and the remedy must be proportional to her pain. This is the case prescribed for her by Dr. "Bill" Snyder:

Laudanum, 2 ounces.
Linsed oil, 2 quarts.
Spiritus frumenti, 2 quarts.
It took a wedge between her jaws and a block and tackle to get the dose in her, but when it reached the spot the increase in her good nature was noticeable.

S. P. DIVISION OFFICE TO BE BUILT AT STOCKTON

STOCKTON, April 14.—A division headquarters building to cost \$175,000 is to be constructed this year on the Southern Pacific property just north of the main line one block west of the local depot. The local officials have been notified that this sum has been included in the budget of the road to be expended in this city along with other amounts to better the system in what is known as the Stockton division.

A freight shed to cover two blocks and a street which was closed to accommodate the railroad will also be built. It will be 680 feet in length and prove a great benefit to shippers, who have found the present facilities badly cramped. The increased shipments of freight the past few months have been the heaviest the Southern Pacific has ever known.

Provision has also been made in the budget of expenditures for double-tracking the main from Stockton to Lodi, and this work may possibly be extended to the Sacramento county line this year. At present the train dispatcher's force and other officers outside of the freight division are in an uptown bank building and are overcrowded.

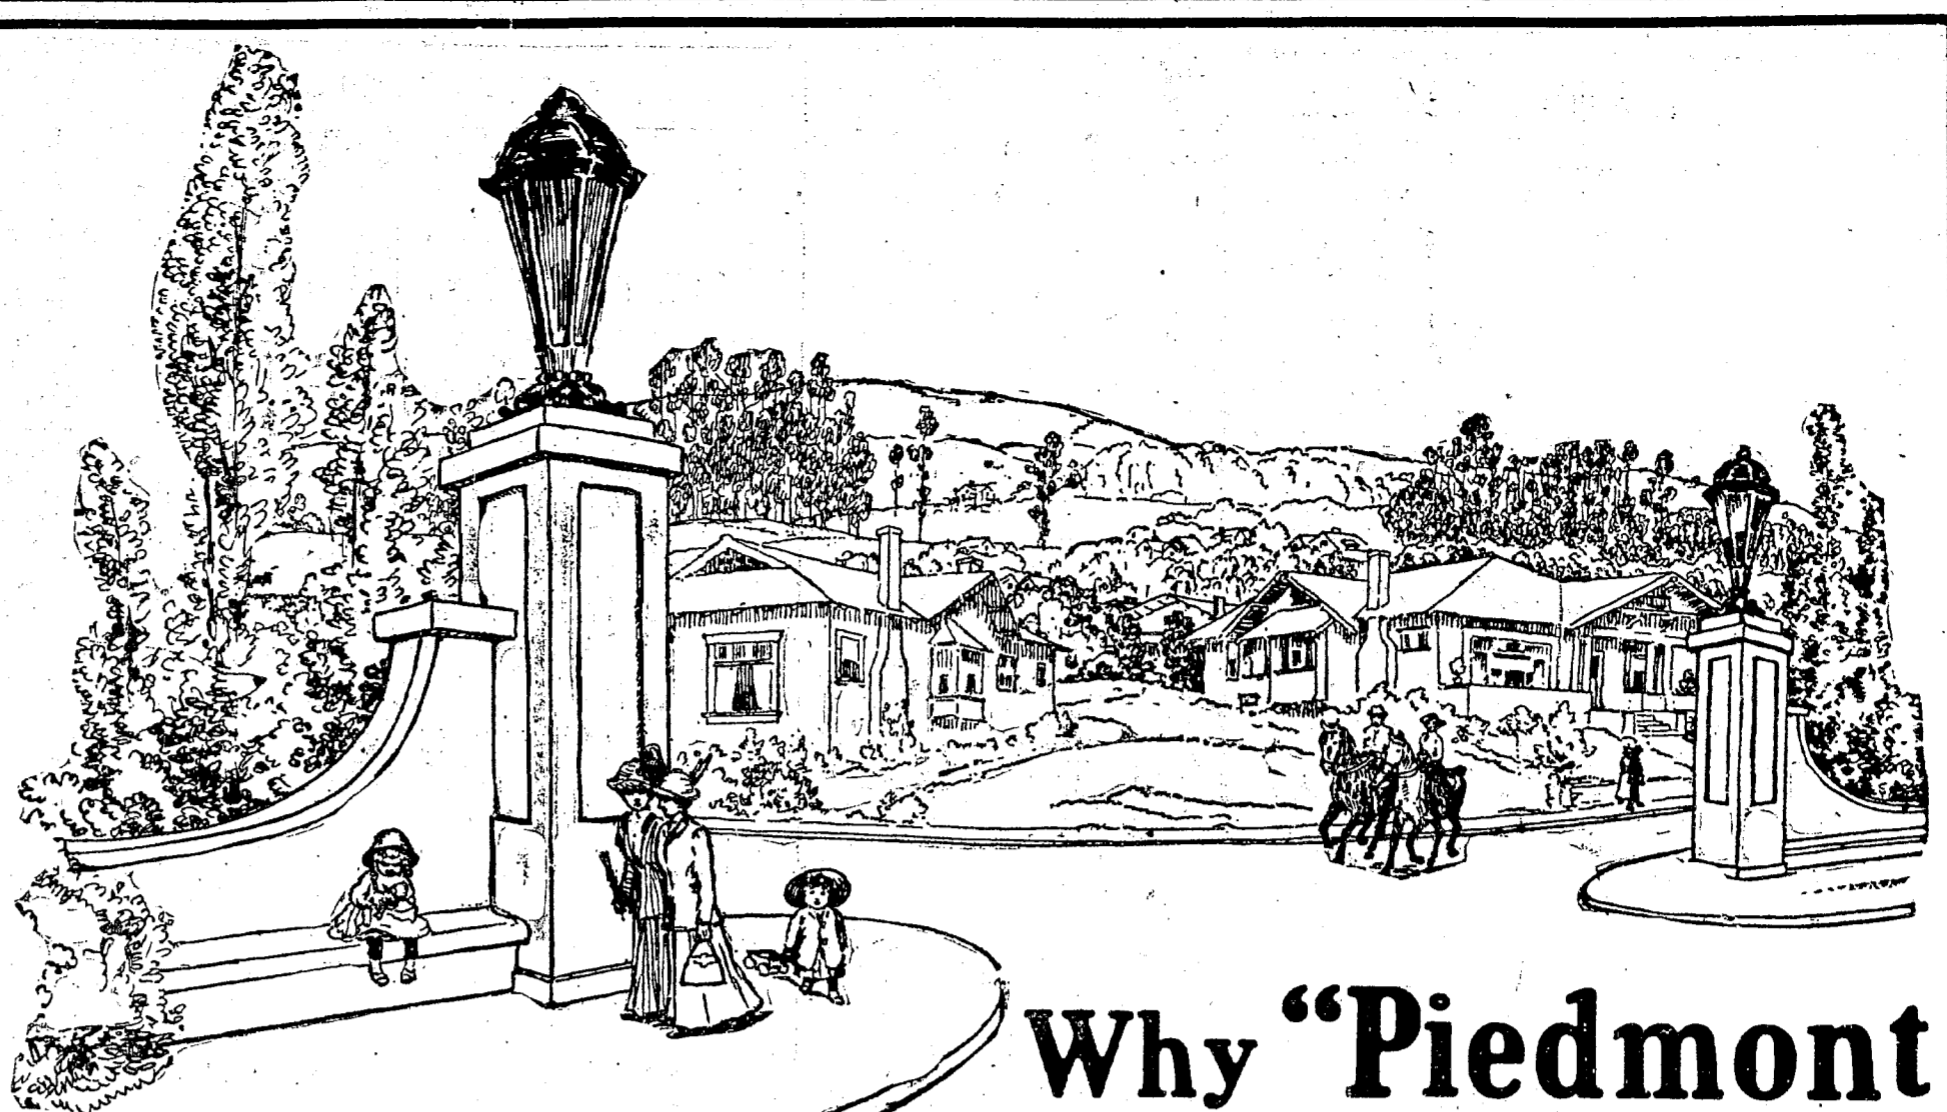

CHAMP CLARK WANTS COLLEGIANS IN POLITICS

WASHINGTON, April 14.—Scholarship accompanied by common sense will enable a college man to win success in politics, but scholarship alone is of little avail.

This was Speaker Clark's advice to the College Men's Democratic League at its meeting in celebration of the birthday anniversary of Thomas Jefferson.

Addresses also were made by Warren Jefferson Davis of Virginia, president of the league; Thomas Nelson Page and Representative James A. Hamill of New Jersey.

Speaker Clark extended a welcome to college men to enter Democratic politics, and deplored the fact that it is fashionable in this country to sneer at the "scholar in politics."

Why "Piedmont Manor" differs from all other subdivisions--5 Reasons--

You were promised in our advertisement yesterday that you would be told today why "PIEDMONT MANOR" was different from any other tract ever placed upon the local market.

It differs in five particulars.

FIRST—It is the most artistically planned grouping of residential lots in Alameda county, having been entirely arranged by a landscape architect who treated the property as an entirety, and who studied every lot, street, park and boulevard curve in its relation to the whole setting.

This gives the property an immediate distinction which will be emphasized as homes are built.

SECOND—The improvements, including street work, parks, sidewalks, curbs, electric light and telephone mains, sewers, water, gas, etc., are to be the finest ever put into any piece of property we ever sold. For instance, the streets are to be of ASPHALT MACADAM (mixed hot and surfaced with hot irons and rollers); the gutters and curbs of concrete, and all water, gas, sewer and electric mains are to go on a strip of land reserved for this purpose in the BACK of each lot.

This insures an impression of refinement and stability.

THIRD—There will be no lots sold less than 60 feet wide and most of them will be from 75 to 90 feet wide and no one will be allowed to subdivide his lot or to build more than one dwelling upon the same. These lots are the widest ever laid out, to

No lots less than sixty feet wide.
Within walking distance of Key Route.

our knowledge, on property of this kind in Alameda county.

This feature will insure beautiful lawns (because vegetation grows most luxuriously), an abundance of breathing room and a neighborhood of real refinement, such as has been, hitherto, only possible to the man of millions.

FOURTH—It is the only tract of its character in Piedmont, or anywhere in this county that was ever placed upon the market at such low prices. Lots average less than \$25 a front foot, some of them selling for as little as \$18 a foot, including, in addition to all the splendid improvements mentioned above, many others, such as planting trees, laying out parks, etc.

We gave our reasons for these low prices in yesterday's announcement.

They insure a quick sale, rapid building of homes and an almost IMMEDIATE PROFIT to those who buy for investment—all of which will be a valuable advertisement to us in future operations.

FIFTH—It is the only unsold tract on the market within walking distance of the Key Route, altho' the Key Route "Right of Way" passes the property, the Key Route trains are NOW RUNNING within eight minutes' walking distance of Piedmont Manor. The transportation is RIGHT

Real Estate Department.

1218 Broadway, Oakland

THERE and there is no speculation in this connection.

This eliminates all risk, for it cannot be said with certainty just where the new Key Route lines WILL run. It is better to buy where they ARE running.

In the next few days we plan to take up each of the above features separately and explain them in detail.

Tomorrow's advertisement will be devoted to feature No. 1—"The artistic aspect of "Piedmont Manor."

It will probably be the most interesting advertisement in the entire series.

Opening day will be Sunday, April 23d.

Maps are ready now.

IMPORTANT NOTICE

There are so many features of interest regarding "Piedmont Manor" that we have decided to incorporate but one feature in each advertisement. The following is the schedule decided upon:

Thursday, April 13th—"The Reason Why We Made the Price So Low."
Friday, April 14th—"The Five Advantages Piedmont Manor Has Over All Other Tracts."
Saturday, April 15th—"The Artistic Charm of Piedmont Manor."
Monday, April 17th—"The Nature and Character of the Improvements."
Tuesday, April 18th—"The Great Advantage of the Extra Wide Lots."
Wednesday, April 19th—"The Proximity of Piedmont Manor to the Key Route."
Thursday, April 20th—"The Nature of the Building Restrictions Protecting Every-one."

Copies of these announcements can be had at our office any time after date of publication. You should read them all.

Laid out by a landscape architect.
Price averages less than \$25 a front foot.

DR. JACQUES LOEB TO ENTERTAIN ARRHENIUS

NEW YORK, April 14.—Dr. Svante Arrhenius, president of the famous Nobel Institute of Stockholm, Sweden, and one of the best known European scientists, is in New York City for a series of public addresses at Columbia University. While in this city he will be the guest of Dr. Jacques Loeb of the Rockefeller Institute, and will spend a considerable part of his time visiting the institutions of scientific research here. Later he will go west for similar observations in the larger institutions of learning.

CAPITALIST'S BODY FOUND.
ANALON, April 14.—The body of Benjamin Evans, 75 years old, was found in the water at Pebble Beach, a mile from here. The body was identified today by a son-in-law, L. H. Horton, of Pasadena.

This Handsome Rogers Orange Spoon FREE

With "Sunkist" Orange Wrappers

In order to get you to try "Sunkist" Oranges and "Sunkist" Lemons and thus learn their excellent quality, we will send you free the beautiful Rogers Orange Spoon here pictured on receipt of 12 "Sunkist" wrappers and 12 to cover charges, packing, etc.

You will find both "Sunkist" Oranges and Lemons at nearly every dealer's, packed in individual paper wrappers that bear one of the trademarks shown below. If they are not packed thus, they are not the "Sunkist" kind, but an inferior fruit.

"Sunkist" Oranges—Choicest Fruit

"Sunkists" are the world's finest oranges—the select inspected crop of 5,000 California orange groves. Nother orange is so sweet, rich and juicy. They are thin-skinned, seedless, fibrousless, tree-ripened, firm and solid. All are hand-picked. No fallen, bruised or over-ripe oranges. Each "Sunkist" is a perfect specimen, as delicious as if plucked fresh from the tree.

Buy "Sunkist" Lemons which are of the same high quality as "Sunkist" Oranges. "Sunkist" Lemons are so juicy that the amount is less than 24c on amounts above 24c. We prefer money order, express or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers on premiums. Address

CALIFORNIA FRUIT GROWERS' EXCHANGE
34 Clark Street Chicago, Ill.

Save the Wrappers and secure a complete set of beautiful, useful orangespoons. In remitting, please send one-cent stamps when the amount is less than 24c on amounts above 24c. We prefer money order, express or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers on premiums. Address

NEW YORK'S CHIEF HAS LITTLE LAMB

It Followed Him to Governor's Office, Which Was Against the Rule.

ALBANY, N. Y., April 14.—Governor Dix, like Mary, has a little lamb.

"An expressman yesterday and told the governor's secretary that he had a package for the executive.

"Bring it up," said the secretary. The driver hesitated. "Perhaps," he ventured, "it wouldn't be the proper thing to bring here."

"Why not?" demanded the secretary. "It's alive," observed the expressman.

"Alive? What do you mean?" queried the secretary.

The expressman then explained that the package contained a lamb consigned to the governor. The surprised secretary learned that the lamb had been forwarded by a Newburg farmer, an admirer of the governor. No explanation accompanied it.

CHARGED WITH FRAUD.
PORTLAND, Ore., April 14.—Charged with perjury in connection with securing signatures to initiative petitions warrants issued by District Attorney George J. Cameron were served on George O'Connor, alias Brown, alias "Red" Connors; Chester A. Rowland, Charles Cleveland and George Hassis, alias George Hildgin.

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 200,000 readers.

CLASSIFIED ADVERTISEMENTS IN THE TRIBUNE PAY BIG RETURNS FOR THE MONEY INVESTED.

THE Eta Chapter of the Gamma Phi Beta sorority issued invitations this morning for a large garden party which it will give on the afternoon and evening of Wednesday, April 26, from 4 to 6 and from 8 to 10. The beautiful sorority house in Channing way in Berkeley will be thronged with Berkeley and Oakland smart folk and the pretty light gowns of the hostesses and their guests will add to the attractiveness of the scene. At the house there is a large glass enclosed porch opening out into the garden, which is an unusually large one, and it is there that the guests will be received and tea served.

ARRIVES FROM BOSTON.
Mrs. Philip Young, formerly Miss Ella Bender, prominent in the smart set of the bay cities, arrived last night from her home in Boston and is visiting her parents, Mr. and Mrs. D. A. Bender, at their home in Berkeley. The Benders are well known in San Francisco society, in which city they lived until a year ago, when they took a house in the college town. Mrs. Young possesses an unusually charming personality and is rarely talented.

HANDSOMELY APPOINTED DINNER.

Mrs. Vesta Williams entertained yesterday at a dinner in her beautiful "Rose Hill Villa" home at Corte Madera, Marin county. An elaborate menu was set for seventy-five and the affair was beautifully arranged. Mrs. Williams was formerly a resident of Oakland and is a frequent hostess. More than fifty Oakland people were present. A number of prominent singers and musicians attended and during the dinner a musical program was given under the direction of Professor J. W. McKenzie, assisted by his daughters, Misses Hazel and Ruth McKenzie, and Miss Bernice Army, who delighted those present with their singing and playing.

RETURN FROM NEW YORK.

Mr. and Mrs. Louis A. Hilborn have returned from New York, where they passed the winter at the Holland House. They are located at the St. Francis Hotel in San Francisco and will later move to their picturesque home in Sausalito, where they will entertain at many week-end parties. Mrs. Hilborn has brought many handsome gowns from the East.

LUNCHEON HOSTESS YESTERDAY.

Miss Ernestine McNear entertained yesterday at a prettily appointed luncheon in compliment to Miss Lucy Hawkins. Miss Myrtle M. Howell entertained the members of the Beta Phi Sigma sorority at a delightfully appointed luncheon on Saturday.

LUNCH HOSTESS.

Mrs. Andrew G. McCarthy entertained informally at luncheon recently at the Francesca Club.

TO GIVE DINNER.

Mrs. Harry Alston Williams will entertain at dinner on Monday evening, when a score of friends have been asked. After dining the guests will attend the Berkeley Assembly, to be given at the Masonic Temple.

COMPLIMENT TO MISS HALL.

Miss Charlotte Hall, fiancée of James R. Kenna, is being much feted. Miss Muriel Steel is to entertain at a luncheon to be given at the Claremont Country Club on the afternoon of April 25, when she will make Miss Hall the special guest of the day. Covers will be laid for eighteen. Mrs. George Hammer is making

MRS. ALTON M. THAYER, formerly of this city, whose marriage was solemnized yesterday in the south.

Miss Hall the honored guest at two card parties to be given on April 21 and 25. At the former Miss Alice Albright, another equally popular bride-to-be, will divide the honors with Miss Hall.

MARRIED IN SOUTH.

Word comes from the south of the marriage of Miss Edith Kinnear of this city to Alton M. Thayer of Los Angeles.

The bride is the daughter of Mrs. Emma Kinnear of Hamilton Place and has a wide circle of friends and relatives here.

The marriage was a pretty but quiet affair, solemnized in Los Angeles, in which city Thayer is well known and has extensive business interests. The many friends of the attractive bride are sending her warmest good wishes.

LUNCHEON AND BRIDGE.

Mrs. Glenn Barnhart was hostess yesterday at a luncheon and bridge given at the Home Club. Spring flowers in shades of yellow were used in decorations and covers were laid for twenty-four guests.

RETURNS FROM EUROPE.

W. H. Welby and his wife, who have been touring Europe and the Orient, have returned to this city after an absence of almost a year. Welby was one of the Commercial commissioners to China, but did not return with the party.

BRIDGE CLUBS.

Two of the organizations whose fortnightly sessions are devoted to bridge will meet Monday afternoon with Mrs. Charles S. Houghton and Mrs. Edgar Jones presiding as hostesses. Mrs. Houghton will claim the members of the Cosmos Club as her guests, an informal luncheon to be followed by cards. Mrs. Jones' guests will number a coterie of the Piedmont masons among whom are Mrs. Wickham Havens, Mrs. Harry Maxwell, Mrs. William Knowles, Mrs. William Ede, Mrs. Burr Eastwood, Mrs. Lou Allen and others.

POST-LENTEN HOSTESS.

Mrs. Weston Olin Smith is to be one of the post-Lenten hostesses, having

asked about forty guests to share her hospitality on Tuesday afternoon next. The affair will be in the nature of a house-warming, as this is the first festivity given in her new home on Grand street. There are to be nine tables of bridge, and the hostess will be assisted in receiving by Mrs. Franklin N. Dewey, Mrs. Ernest D. Porter, Mrs. L. C. Barnes, Mrs. George Lamb, Mrs. Harry Daniel Smith and Mrs. J. K. Cross.

PLAN BENEFIT.

The Oakland Social Settlement Club will give a big benefit performance during the next fortnight at the Liberty Theater, the proceeds of which will go to the work being promoted under the club's direction.

LARGE LUNCHEON.

Mrs. Philip Shepherd Teller and her daughter, Mrs. Louis Randolph Wolfmann, have sent out cards for a large luncheon at which they will entertain on Wednesday, April 19, at the Teller home on Central avenue, Alameda. The honored guest for the affair will be Miss May Palmer, a niece of Mrs. Teller and the fiancée of Henry Westbrook of Del Norte county.

WEST OAKLAND HOME.

The children of the West Oakland home enjoyed an outing yesterday at the Cliff and beach. They were chaperoned by members of the institution, who made the day a happy one for their tiny charges. Among those who planned the affair were Mrs. James A. Miller, Miss Grace Trevor, Mrs. Walter D. Reed, Mrs. H. B. Mehrmann, Mrs. Henry M. Bull and others.

TO MOVE TO BERKELEY.

Dr. William Boerick and his family, who have been living in San Francisco, will move to this side of the bay and will take a house in Berkeley within the fortnight.

FORMAL GATHERING.

Miss Alma Hill, whose marriage to Louis Davis is announced for Tuesday, April 18, will be entertained tomorrow at an informal gathering.

The bridegroom-elect is the son of Mr. and Mrs. A. E. Davis and immediately after the ceremony he and

WOMEN IN THE NEWS ASKS \$50,000 TO MEND BROKEN HEART

Merced Society Woman Sues
George Bloss, Jr., for Wed-
ding Another.

MERGED, April 14.—Charging breach of promise and demanding \$50,000 damages, Mrs. Bernice M. Bird-Dixon has brought suit against George S. Bloss, Jr. Both are among the best known young people in this part of the San Joaquin valley, being highly connected, both in a social and financial way.

Mrs. Bird-Dixon alleges that last July she promised to marry Bloss, and that the date for the ceremony was set for January. She charges that later Bloss asked that the wedding be postponed and that she agreed to do so. While she still considered herself engaged to Bloss and was preparing to marry him, Bloss, on March 28, married Miss Christine Thompson. Mrs. Bird-Dixon alleges that she is without means of self-support, being dependent upon her father, and that Bloss is worth \$250,000, and that by reason of Bloss's failure to marry her she suffered "humiliation, mortification and mental distress and suffering," which requires a financial claim of \$50,000.

Mrs. Bird-Dixon is the daughter of Mr. and Mrs. Isaac Bird of this city. Mr. Bird is the superintendent of the famous Cowchilla ranch, owned by the California Agricultural and Pastoral Company. George S. Bloss, Jr., is one of the best known business men of this part of the San Joaquin valley, owning several thousand acres of fine land in the vicinity of Merced and Atwater. He is a director in the First National Bank and the Commercial Savings Bank of this city.

Dan Cupid, Banker

NEW YORK, April 14.—Society is expecting momentarily the announcement of the engagement of two of its richest young members.

After a courtship of nearly a year it is tacitly admitted that Vincent Astor, only son of Colonel John Jacob Astor, has won the hand of Miss Catherine L. Hammersley, who, with her brother, Gordon, is a well-known millionaire.

Representatives of Colonel Astor, who is out of town, not to return until next week, said they did not know anything about the affair, but at the Hammersleys' mansion, Fifth avenue, the report was not denied flatly. Mrs. C. D. Lowrie, one of the guardians of the children, their companion since infancy, answered quickly:

"Why I cannot discuss that matter." Asked when the announcement of the engagement was to be made, she replied:

"I cannot talk about it at all."

Vincent Astor, his father's chum, destined to be the principal heir of the millions of the family, is one of the most sensibly educated young men of New York. Instead of the frills of the upper classes, his training has been practical, fitting him to take charge some day of the immense amount of real estate which will come to him. The Astor fortune has been estimated at \$100,000,000.

Miss Hammersley is one of the two children of the late J. Hooker Hammersley, who, marrying late in life, died after the birth of his daughter nineteen years ago. His wife soon followed him.

Pensions for Teachers

TOPEKA, April 14.—Life annuities for school teachers after twenty-five years of service are provided for in a bill introduced in the House by Representative Ellis of Jackson county. The measure creates a state teacher's board to regulate the retirement of teachers and the creation of what will be known as the state teachers' retirement fund.

Under the provisions of the proposed law, teachers' contracts in the future shall include providing for the withholding each year of a portion of the salary based on the length of service. Teachers who have served less than fifteen years will contribute 1 per cent of their earnings; those who have served between fifteen and twenty-five years must give 2 per cent, and the school-masters who have served more than twenty-five years will place 3 per cent of their earnings to the retirement fund. The money will be kept in the state treasury and drawn on warrants issued by the board.

LOSS OF TARGET

RESULTS IN TRIAL

Commander Hines of Supply Ship Glacier Heard by Courtmartial.

SAN DIEGO, April 14.—The loss at sea, March 25, of the big navy target which the United States supply ship Glacier was towing from Mare Island navy yard to San Diego for use in practice by the ships of the Pacific fleet, has resulted in the trial by court-martial of Commander Harold H. Hines, commander of the Glacier, on charges of inefficiency and neglect of duty.

The target, a huge, almost submerged raft, weighing many tons, was derelict off the coast between Los Angeles and Santa Barbara for more than a week and constituted a serious menace to navigation until it was recovered by the torpedo flotilla and towed on south to this port by the Glacier.

AT EBELL TOMORROW.

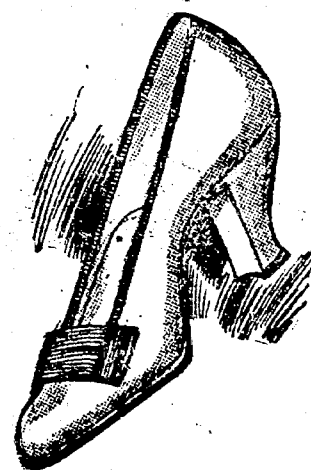

Katherine Wismer McCluskey, who will read Maternalink's "Blue Bird" at Ebell Hall tomorrow afternoon, is one of the best known of the Eastern readers. Mrs. McCluskey's home is in Evanston, Ill.

QUIET MARRIAGE.

Miss Lulu E. Bell and Fred W. Woodbury have announced their marriage of a few weeks ago by Rev. Robertson Burley.

The bride wore a dark green silk gown and picture hat and was unattended. The couple will live in Fitchburg.

Easter Pumps \$3.50

MISSIONARIES CONTINUE SESSIONS FOR WEEK

The Easter convention of the Christian and Missionary Alliance will continue its sessions in the chapel, 681 Twenty-first street, throughout this week, and will conclude next Sunday night. There are three services daily at 10 a. m., 2 p. m. and 7:30 p. m. All are open to the public. Tonight Rev. William T. MacArthur of Chicago will speak.

GIBSON PLEADS GUILTY.

Ernest Gibson withdrew his plea of not guilty, made several days ago, and this morning entered a plea of guilty of burglary in the second degree before Judge Hawkins of Yolo county, sitting in department four of the Superior Court. Gibson will be sentenced next Monday. In view of three prior convictions for similar offenses Gibson determined to change his plea.

ELOPES WITH GIRL AND 7 TRUNKS

CHICAGO.—James E. Fenn of this city eloped with a girl and seven trunks in Independence, Mo., and arrived at his parents' home with the bride and the trunks. W. H. Waggoner, a millionaire of Independence, thought his daughter, Maud, who is twenty, was too young to marry. He had bought a new automobile and the car brought about the runaway. The seven trunks were smuggled into the house while Mr. Waggoner and Fenn were trying out the car. These were packed by the bride and her friend, Miss Anne Swygart of Toledo. Then before the parents returned, the trunks were taken out of the house and sent to Kansas City.

Miss Waggoner and Miss Swygart went to Kansas City "to shop." There Fenn met them, and the marriage followed.

ORDER OF DANIA TO ERECT A LODGEROOM

PLEASANTON, April 14.—Three lots on Second street, between A and C streets, have been purchased by Danavang No. 7, Order of Dania, upon which a two story and basement concrete hall and lodge room will be erected. The officers of the order expect to have work on the new building started immediately and will endeavor to have it finished by May when their grand jinks will take place.

Craft Hits Concrete Pier and Knocks Great Hole in Its Bow.

Ferry Steamer Melrose Gets Mixed in Trouble Before Final Disaster.

Three men were near death last night when a barge loaded with gravel turned turtle in the estuary off Oak street and pinned the tug Starlight, Captain Anderson, beneath it. Had it not been for the timely arrival of the power boat Pirate, in charge of Captain Gillard, of the Oakland Launch and Tugboat Company, Captain Anderson, Captain George Lewis of the tug Dolphin No. 2, and Joe Ott, a hand on the Starlight, would probably have been drowned. As it was they just had time to jump for their lives to the deck of the Pirate when the barge, which was partially sunk, turned over without warning.

The barge was in tow of the Dolphin, the Starlight being lashed alongside, when, by the force of the flood tide, it was swerved to one side and struck one of the concrete piers under the Webster street bridge, making a large hole in the center of its bow. The barge commenced to sink rapidly, but was kept afloat until reaching a point opposite Oak street by Ott and Captain Anderson, who attempted to control the in-rushing water by stopping up the hole in the bow. It was then seen that the struggle was hopeless and it was decided to beach the barge. It was while the men were trying to do this that the barge turned turtle.

Trouble commenced for the barge when the creek route ferryboat Melrose, Captain Hickey, crowded it, and the Starlight, which was towing it, into the big dredger below the Webster street bridge. The paddle of the Melrose struck the corner of the barge, but did no damage. In the confusion which followed the towline to the Starlight in some way got tangled in the wheel of the barge and effectually crippled it for the time being. It was then that Captain Lewis, with the Dolphin, went to the rescue and took both craft in tow. The barge and the Starlight were owned by Rhodes & Jamison, the gravel on the barge being destined for that firm. The Merry-Eliel Co., contracting engineers, will put the piledriver alongside the barge to raise it, in order to get the Starlight from under it. To what extent the tug is damaged is not known.

Sky Pilots Must Stand At Helm of Own Airship

NEW YORK, April 14.—Profiting by the experience of the public with automobile joy-rides, the Aero Club of America is considering the framing of a bill making it a misdemeanor for any person to use an aeroplane not owned by himself without the consent of the owner. The matter is in the hands of the law committee of the club, which will draft a bill similar to the automobile laws recently passed in several states covering similar conditions with the automobile.

AIRSHIPS USED DURING WINE RIOTS

Military Aeroplanes Play Very Important Part in Maneuvers of Troops.

Women Attack the Prosecutor While Gendarmes Escort Prisoners in Street.

EPERNAY, Department of Marne, France, April 14.—A force of gendarmes just before daylight this morning proceeded to Venteuil, one of the wine depots on which the manifestants especially directed their operations of destruction of the wine presses and bottled champagne, and arrested two of the ringleaders.

While the gendarmes were escorting the accused men to the police station women rushed into the streets and tried to tear incriminating documents from the arms of the public prosecutor.

Military aeroplanes played a prominent role in the maneuvers of the troops when the rioting was at its height.

Calm prevailed during the night throughout the Department of Marne, the scene of three days' outbreak on the part of the discontented wine growers, and the authorities this morning are hopeful that the rioting is over.

The vote of the Chamber of Deputies in nullifying the action of the Senate with reference to the delimitation of the champagne districts, with the expressed intention of Premier Monis to refer the whole question to the council of state for settlement, served to a large extent, it is believed, in appeasing the excited populace.

The army corps sent to quell the outbreak and prevent the further destruction of property remains in the disturbed area.

RICHARDSON SEEKS RECOUNT OF VOTES

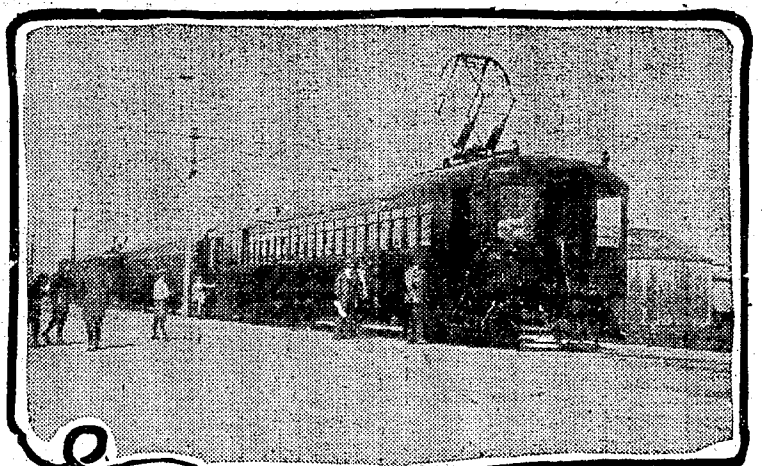

San Bernardino Candidate Declares He Is Entitled to Office.

SAN BERNARDINO, April 14.—Following the canvass of votes in the last Monday election which was held last Monday, N. A. Richardson, socialist candidate for mayor, defeated by six votes by J. S. Bright, Democrat, has filed notice of contest in the superior court, demanding a recount.

In the canvass of the city council Richardson gained one vote, while R. L. Swing, Republican, lost four, making the three in the mayoralty race stand: Bright 738, Richardson 732, Swing 723.

Thirty-two votes were thrown out and Richardson claims most of these should have been counted for him.

ELECTRIC TRAIN MAKES ITS FIRST RUN THROUGH ALAMEDA

First electric train operated in Alameda on the Southern Pacific system.

ALAMEDA, April 14.—A successful test of the first electric train ever operated in this city was made yesterday by the Southern Pacific engineers over a portion of the new Alameda electric railway loop which has just been completed. The trial trips were made on the eastern portion of the loop on a portion of the track not used by the local steam cars. The new cars were operated by current from the Fruitvale power station, located at the Fruitvale bridge. The cars were run in train formation, and later were separated and individual car tests made to the satisfaction of the Southern Pacific officials who were aboard the steel coaches.

The trip yesterday was under the direction of W. H. Norton, assistant superintendent of suburban traffic; W. H. Myers, superintendent of the repair shops, and H. W. Clapp, assistant electric engineer. The working crew lined the sides of the track and watched with interest the speed made by the cars under their own current.

Further tests were made this afternoon. The cars were brought by a locomotive from the West Oakland yards to Alameda over the Fruitvale bridge, from where they made their way under current to High street. The train was a combination baggage and motor car, a motor car without any baggage compartment and a trailer. The engine coupled to the cars at the new electric repair shop at Alameda Point, hauling them to the West Oakland yards to be weighed.

The combination car and the motor car weigh 109,000 pounds each and the trailer 67,000 pounds.

Work on the new electric system was commenced by the Southern Pacific company more than two years ago. The system will be entirely completed and cars in operation by June 1, according to the statement the officials made yesterday. The expenditure in this city amounts to about three million dollars.

COACHES OF STEEL

The new coaches are entirely of steel with metal floors coated with a substance to deaden footfalls. The gates are worked by a lever in control of the motorman and gatemen, making it impossible to board the cars when they are in motion. The gates can neither be closed or opened except by the lever. The platforms are wide and spacious, allowing plenty of room for a large number of passengers to board and alight at the same time. The combination cars will seat eighty-eight passengers and the trailers and motor cars 116 passengers each. Only three of the cars have been completed up to date, but it is stated that the other cars to be operated on the local line will arrive from the East the latter part of this month.

The motors are designed to utilize a 1200-volt current. The Key Route trains are operated with a 600-volt current. That the tests made yesterday were entirely satisfactory and beyond their most sanguine expectations was stated by the engineers of the Southern Pacific Company today.

MRS. HENRY'S AFFINITY IN COURT

S. Foster Kelley's Hearing Is Put Over Until Next Tuesday.

Charges Said to Be Piling Up Against the Seattle Capitalist.

SAN FRANCISCO, April 14.—S. Foster Kelley, against whom charges are piling up in connection with the divorce granted Albert Henry from his wife, Ivy May Henry, appeared in the police court this morning. He was accompanied by Attorney James W. Cochran, who was last night arrested and charged with contempt of court.

Judge Shortall acquiesced in Cochran's motion for a continuance until April 19, and the proceedings were quickly ended. This afternoon in the Superior Court, however, further testimony of a sensational nature in connection with the part Attorney Cochran is alleged to have played in the kidnapping of the Henry children from the apartments of Miss Wickett are expected.

PERJURY ALLEGED

Allegations of perjury, charges of an attempt to shield culpable persons, and repeated accusations of contempt of court have enlivened the proceedings which were originally brought by Albert Henry to order the production of his little ones in court.

The original habeas corpus matter has been lost sight of in the sensational and remarkable revelations which have followed the kidnapping. Peter W. Deane, whose home at 100 Richmond avenue was occupied by Kelley, Mrs. Henry and the two children, was one of the most difficult witnesses who has ever been brought into a local court.

SEVERAL WOUNDED IN STRIKE RIOTS

MARSEILLES, April 14.—Workmen engaged in digging the Rhone canal, who went on a strike a few days ago, clashed with the police this morning. During the melee one policeman and several workmen were wounded.

BIG FLEET IN SAN DIEGO HARBOR

Sailors Wager \$10,000 on the Result of Championship Barge Race.

Five Armored Cruisers and Other Vessels at Anchor in Southern Port.

SAN DIEGO, April 14.—Thirty million dollars worth of United States warships are in San Diego bay today for the first time in the history of this port. At 10 o'clock this morning five armored cruisers of the Pacific fleet entered the harbor and anchored in man-of-war row. The flagship, Thomas, led the fleet and was saluted by the British sloop of war Algonquin at anchor. The vessels include the California, West Virginia, flagships of the second division; Pennsylvania, South Dakota and Maryland.

Thousands of sailors will be given shore leave today and tomorrow, and tomorrow the boat race between the crack cutters of the Maryland and California will take place. The crews of the California and Maryland are said to have wagered \$10,000 each on the outcome of the race, which is for the championship of the fleet.

In addition to the cruisers, there are nine other vessels of the navy at anchor in the bay and this number is expected to be augmented soon by the arrival of the torpedo boats. The ships, aside from the cruisers here, are the gunboats Vicksburg and Princeton, the supply ship Glacier, collier Justin, the parent ship Iris, the tugs Navajo and Fortune and two submarines, the Grampus and Pike.

YOUNG QUITS CAPITAL IN FAVOR OF KENYON

WASHINGTON, April 14.—Lafayette Young, recently Senator from Iowa, left Washington today for his home in Des Moines. The services of Young as Senator ended when the Iowa legislature elected W. S. Kenyon on Wednesday, although some Senators were of the opinion that the appointive term would continue until Young's successor should qualify.

THREE KILLED IN ST. LOUIS STORM

Wind and Hail Sweep the City, Resulting in Ruin in Every Section.

Millions of Dollars in Damage Done; Big Grain Elevator Demolished.

ST. LOUIS, April 14.—Three people were killed and property valued at between \$700,000 and \$2,000,000 was destroyed late yesterday by the most destructive storm that has visited St. Louis since the memorable tornado of May, 1896. The storm in St. Louis broke at 5 p. m. The day had been warm and pleasant.

Clouds gathered in the southwest and after a few drops of rain fell there was a remarkable precipitation of hailstones. Some of these are reported as being three inches in diameter. Hail caused the greatest damage.

Thousands of windows in West End residences were broken. Greenhouses were demolished. The Burlington elevator was wrecked by the wind and a large section of it was blown into the river. The elevator contained more than a million bushels of grain. The damage is estimated at \$1,000,000.

A panic was precipitated at Sportsman Park, where the ball game between the St. Louis and the Cleveland teams was in progress. The wind blew down the steel flagpole and the patrons of the game throw themselves on the ground, face downward, and protected their heads with their arms from the bombardment of hailstones.

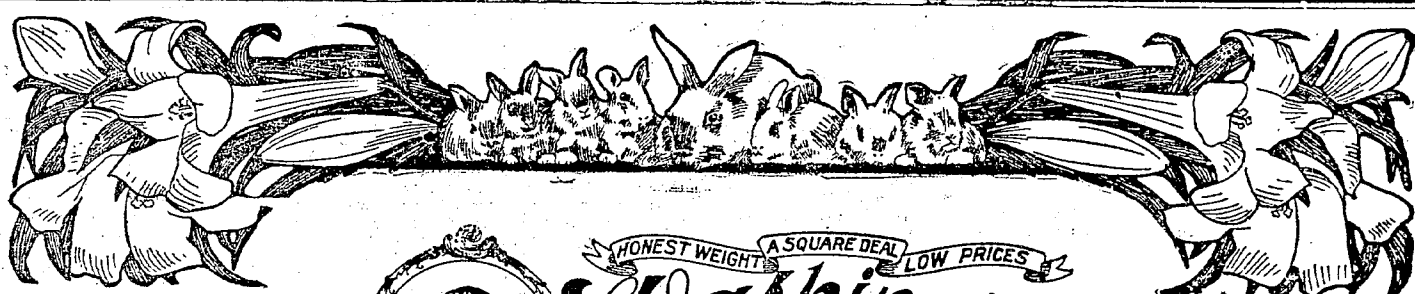

The weather bureau reported a fall in temperature of 20 degrees within two hours.

At Valley Mines, Mo., the tornado killed four persons and seriously injured a score more.

At Cadet, Mo., two women are known to have been killed and fifteen persons are reported injured.

At Shelbyville, Ill., hailstones eight inches in circumference were reported, while at Anna, Ill., growing crops were badly damaged by the hail and wind.

The St. Louis dead are: MRS. REGINA MAYER, 70 years, dragged to death in attempting to fight from her carriage in front of her home. MRS. E. A. KISSACK died from fright in her bathroom. HARRY FOSTER, electrocuted.

OVER FIVE MILLION OWNERS OF HYOMEI INHALERS FOR CATARRH

This Shows the Popularity of
the World's Greatest Catarrh
Remedy.

If you own a little hard rubber pocket Hyomei Inhaler, always bear in mind that you can get a bottle of Hyomei to use in the inhaler for only 50 cents.

Of course you know that Hyomei (pronounce it High-o-me) is guaranteed to abolish every symptom of catarrh or money back.

A Hyomei Inhaler and a bottle of Hyomei (\$1.00 for both) are good things to have around the house, for without dosing the stomach colds, coughs, acute catarrh, sore throat, croup (every mother ought to know about Hyomei for croup), asthma and catarrhal deafness can all be successfully treated at a trifling cost.

Hyomei is made from Australian Eucalyptus and some of the Listerian Anti-

septics. Its highly antiseptic properties kill catarrh and other germs, while its soothing healing action on the sore and raw membrane quickly reduces the inflammation and drives out all distress and misery.

Pour a few drops of HYOMEI into the little inhaler, breathe it, and now you have started to exterminate catarrh germs; to heal the soreness and to cure catarrh.

To break up a cold in head or chest over night, try this just before retiring. Into a bowl three-quarters full of boiling water, pour a scant teaspoonful of HYOMEI, cover head and bowl with towel and breathe for five minutes the antiseptic, healing vapor that arises.

Complete HYOMEI outfit which includes inhaler, which will last a lifetime, \$1.00. Extra bottles 50 cents at drug-gists everywhere. Booklet that tells all about HYOMEI and its uses free from Booth's Hyomei Co., Buffalo, N. Y.

VETERANS' SONS NAME OAKLANDER AS COMMANDER

HENRY A. LONGFELLOW
of Oakland, who was today
elected commander of the
Sons of Veterans of California
and Oregon.

FRESNO, April 14.—The twenty-fifth annual convention of the Sons of Veterans of California and Oregon, which opened here Tuesday, concluded its three days' session today with the annual election of officers.

The greatest contest in the election centered in the office of commander Henry A. Longfellow of Oakland being elected by a large majority.

Longfellow last year was a senior vice-division commander.

This forenoon's session was opened shortly before 10 o'clock and unlike the other sessions of the week, was open to the public. Commander Hawk could not be present, Junior Vice-Commander G. M. Stormont took the chair.

Mrs. Abbie Rowin of San Francisco was elected department commander of the Ladies of the G. A. R.

ALLENDALE WILL HAVE DRAINAGE

Last Obstacle Removed With
Deeding of Land to
the City.

Through the deeding to the city of a little more than an acre of land in Allendale for the opening of Thirty-eighth avenue, the last obstacle in the way of bringing sanitary sewers to this district has been removed, and City Engineer Frederick C. Turner will submit plans and specifications at an early date for the work. The deed to the land was received today from the Realty Syndicate, and according to the city engineer is of the utmost importance to the city.

City Engineer Turner forwarded the deed and his recommendations to the council today with the following letter: "To the Council of the City of Oakland, Gentlemen: Herewith I transmit for your consideration a deed from the Realty Syndicate to the City of Oakland, to a piece of land containing 1.18 acres, for the purpose of opening and extending Thirty-eighth avenue.

The granting of this deed, together with the signing of the amendment to the Vrooman Act by the Governor, clears the last obstruction to the building of sewers in the thickly settled portion of the Allendale district. I ask your earliest possible acceptance of this deed in order that we may submit a resolution of intention for the sewer work.

"The deed has the approval of the city attorney."

"Respectfully submitted,
(Signed) "F. C. TURNER,
"City Engineer."

GUIDE KILLED; HUNTER FLEES

Body Found Two Months Later
Hanging by Foot in
Fork of Tree.

TULSA, Okla., April 14.—The body of Daniel C. Bonner was found today head downward in a tree a few miles from here, where it had been, it is believed, for the last two months. Bonner had been shot through the head. As he fell one foot caught in the forks of the tree and he was left hanging there.

Two months ago Bonner was engaged to take a stranger into the woods on a hunting trip. There is a squirrel nest in the top of the tree and it is supposed that Bonner climbed the tree to frighten the squirrels and that the stranger in shooting at a squirrel hit Bonner. Bonner fell, it is supposed, and his companion, believing he was fatally hurt, fired again to end his sufferings.

COLLEGE TO HEAR INDIAN MUSIC

Noted Hindus to Give Program
for the International
Club.

UNIVERSITY OF CALIFORNIA, April 14.—Next Tuesday afternoon, at 4 o'clock in room 101, California Hall, Professor Inayat Khan and his two associates from Northern India will give a program of music, with an explanation of the theory of Indian music, under the auspices of the International Club. Vocal and instrumental selections will be rendered.

Bowman Drug Stores

to close all day Sundays
except for prescriptions
and necessary requirements

Commencing Sunday, May 7, the Bowman Drug Stores will close to regular business all day on Sundays.

Nearly four years ago we began closing our stores on Sundays, except for the filling of prescriptions and orders for urgent needs. Although we remained open to regular business between 9 a. m. and 2 p. m., still this was a long step toward better conditions for druggists. This movement was started independently, no other stores closing, and it was watched with interest by other druggists.

It meant the loss of a great deal of business, and the movement would certainly have failed, as was freely predicted, had not our customers and the public in general given it their cordial and substantial support, by making their ordinary drug purchases during the week. It has succeeded, and its success has been heralded all over the land by the secular as well as the pharmaceutical press.

In many places throughout the country Sunday closing is being adopted. Hundreds of druggists are getting better hours, which they are richly entitled to, as their hours have been far too long.

We ask you to support this movement by making your drug store purchases during the week. It will help to make conditions for druggists better, not merely the druggists in Bowman's stores or in Oakland. You will be assisting in a wider movement than that because success here will give heart to the movement everywhere.

You will be acting for the general good, too, because it means better service to the public. This is not a mere theory. You actually get better service from better men.

In closing our stores all day Sunday the public will be fully protected. PRESCRIPTIONS WILL BE FILLED AND NECESSARY ARTICLES MAY BE OBTAINED EXACTLY AS ON OTHER DAYS OF THE WEEK. A man will be in attendance at each of our stores to see to this.

Bowman Drug Co.

INSURGENTS REFUSE TO EFFECT COMPROMISE

NASHVILLE, April 14.—All attempts to effect conciliation between the 34 in-

surgents of the Tennessee legislature on one side and the regular Democratic organization had failed up to noon today and are recalcitrants, who took themselves into exile to block the enactment

of an amendment to the state election law and the modification of the state liquor laws.

STEALS COAT FROM AUTO.
P. T. Howard of 1002 Webster street

reported to the police this morning the theft of a gray overcoat valued at \$ from his automobile when the machine was left standing last evening at Washington and Twelfth streets.

To Bring the Glow of Health to Sallow Cheeks

More actual suffering, more discomfort in the home is caused, year after year, by debility, thin blood, exhausted nerves, headaches and like disorders than by the acute diseases that threaten the lives of their victims. And it is only the rich who can afford the daily call of the doctor, and the rest, sea trips and diet usually prescribed, for conditions of ill health which do not endanger life itself.

There are few cases of debility that could not have been prevented, none, perhaps, that cannot be cured or so greatly relieved as to bring sunshine into clouded lives and homes.

Any person, who is overworked, or subject to any great worry or excitement, or who undergoes some long-continued strain, is liable to become debilitated unless the blood is kept pure and rich. Such unusual conditions call for more nourishment than the blood can supply, and paleness, headaches, poor appetite, unrefreshing sleep, backaches, loss of spirits and a general tired-out feeling, which follow, are simply a call for a blood builder and nerve tonic.

Mrs. Mary H. Taft, of No. 314 Howard street, Petaluma, Cal., has found Dr. Williams' Pink Pills for Pale People to be the best tonic that she has ever used. She says:

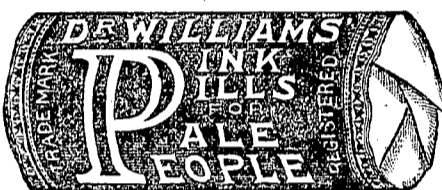

"When living in Toronto, Canada, I became generally run down and felt miserable for years. I was tired all of the time and didn't want to work or do anything at all. My appetite was not very good and I was thin and pale. I suffered from sick headaches a great deal and was nervous.

"I was treated by a doctor for some time and tried several tonics, but without help. A friend recommended Dr. Williams' Pink Pills to me and I took several boxes. I soon began to feel much better, my appetite came back and the benefit continued until I was cured. I have taken Dr. Williams' Pink Pills a number of times since, as I think they are about the best tonic one could take."

The value of Dr. Williams' Pink Pills for Pale People in debility cases lies in their direct response to the needs of the blood. That they do this well is shown by the general disappearance of the symptoms and the return of color and health. They lay the foundation for permanent health.

A valuable booklet, "Disorders of the Blood," containing fuller information, will be sent upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of 50 cents per box; six boxes \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Toilet Articles of Parisian Ivory

Articles of Parisian ivory commend themselves because of their durability and the ease with which they are cleaned. Parisian ivory lends itself to effective engraving; initials and monograms may be placed upon articles to the nicest advantage. While equally as beautiful and durable it is far less expensive than the genuine ivory. We have a very complete line of popular-priced articles for the toilet, including:

Hair Brushes	Jewel Boxes	Button Hooks
Velvet Brushes	Cuticle Knives	Tooth Brush Cases

OAKLAND SINGER GIVES FAREWELL CONCERT APRIL 19

MISS HAZEL VAN HATTEN, who will give recital prior to her departure for the east.

Miss Hazel Van Hatten, vocalist, will give a recital in the Parley studio, Thirtieth and Harrison streets, Wednesday evening, April 19, prior to her departure for the east, where she will remain indefinitely. The recital will be assisted by Miss French, violinist.

The charming young singer is the daughter of Mr. and Mrs. Albert Van Hatten, whose home is at 664 Thirtieth street.

The following is the program:

PART I.
Mattinata Tosti
The First Violet Misson
An Open Secret Woodman
Sunlight H. Ware
Violin Solo.
PART II.
Mignon Guy d'Hardelot
Since First I Met Thee Rubenstein
My Hero From the Chocolate Soldier

BUTTON WORKERS SCARE SHERIFF

Iowa Official Wants Aid of the State Troops in Keeping Order With Strikers.

MUSCATINE, Iowa, April 14. — The sheriff has asked Governor Carroll for four companies of State troops to assist him in preserving order among the button workers here who have been on a strike for several weeks.

Importation of 20 special officers from Chicago to assist the local police resulted in a demonstration by the union strikers.

The special officers rushed upon the crowds in the vicinity of the pearl button plants yesterday, clubbing men and women. Revolvers were drawn, but there was no firing. Last night, 3000 unionists held a public meeting, after marching through the downtown district.

At the conclusion of the meeting a crowd surrounded the hotel in which the special officers are quartered. A prominent member of the button workers' union prevailed upon the crowd to disperse.

FINISHES PLANS ON GOTHAM DOCK

French Architect Dodges Bond Law and Fools Customs Inspectors.

WASHINGTON, April 14. — A customs inspector who knew his business and stood pat, Eugene Duquesne, French architect recently engaged as instructor of architecture at Harvard, and a set of plans for the home of the governor of Havana province, Cuba, played parts in a little drama on the New York docks last week. The story has leaked out.

Duquesne, on his way to America, worked on his plans for the governor's house, but did not finish them. The customs inspector raised the question of their value. Unfinished they were worth nothing, should they win the competition in Havana, they would have a substantial value. Being uncompleted they could not be sent in bond.

Duquesne solved the situation by setting up his drawing board on the dock and in about four hours finished his plans, with a customs inspector watching. The plans were then sent to Havana in bond.

NEARLY LYNCHED BY FRANKMEN.
RENO, Nev., April 14. — Advice from Elko, Nev., tell of the threatened lynching of a commercial traveler and his companion there by the Western Pacific employees, who suspected the strangers of being company "spies."

Thirty or more brakemen and others secured a rope and went after the frightened men, and the police officers had difficulty in holding the mob in check.

SAVED HIS MOTHER'S LIFE.
"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, Cal., "and my children and all my friends were looking for me to die, when my son insisted that I use Dr. Williams' Pink Pills, and they have done me a world of good. I will always praise them." Electric Bites. — A woman suffering from women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation and general nervousness. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at Os-good Bros.

ANTI-TICKET SCALPING ORDINANCE SUSTAINED

NEW YORK, April 14.—The city ordinance recently enacted prohibiting the sale of theater tickets on the sidewalk by speculators was sustained in every particular in a decision of the Appellate division of the Supreme Court.

HAMMOND FILES PLEA.
WASHINGTON, April 14.—John J. Hammond has filed a formal plea of not guilty in the suit brought against him by Daniel J. Sullivan for \$1,500,000 damages for conspiracy to defame the latter's character and destroy his good standing.

HONEST BURGLARS RETURN THEIR LOOT

AUBURN, April 14.—That honest men robbed them on the night of January 7, when the barroom of the Major House in Newcastle was held up, is the opinion of Ed Major, one of the proprietors of the hotel, and Charles M. Hazeltine, the bartender. In an express package that arrived at Newcastle yesterday, addressed to Major Brothers, was the following unsigned letter: "San Francisco, April 7, 1911.—Major Brothers: Dear Sirs—Find inclosed \$13 and also watch which was taken from your place last January. Sorry to say, but we were broke and could not go hungry and had to take a chance."

NEW OFFICIALS TO BE SWORN IN

Will Take Oath of Office After Canvas of Votes by the Council Monday.

ALAMEDA, April 14.—Mayor W. H. Nox, the newly elected council board and the other victorious candidates elected to municipal offices at the polls Monday, will take the oath of office Monday night after the official canvass of the votes by the city council, and will serve for the first time of the new term Tuesday night at the regular meeting of the city council. A provision of the city charter requires the canvass of the votes to be taken on the third Monday after the municipal election and the officials to be sworn in at 8 o'clock of the same evening. City Clerk E. E. Browning stated that it would be impossible to finish the canvass of the votes at 8 o'clock. It will be necessary to consult City Attorney M. W. Simpson as to the legality of the situation. The only new member of the council board will be Alfred L. Morgenstern, councilman-at-large, who succeeds Bert Fisher.

CO-ED TALENT TO GIVE EVENING OF MUSIC

UNIVERSITY OF CALIFORNIA, April 14.—An evening of music will be given by the Women's Mandolin and Guitar club next Tuesday night. The affair will take place at the Town and Gown Hall, and admission will be by card only. The program will be under the supervision of the director of the club, Mrs. Richard Carpenter. The officers of the club, consisting of Velma Lewis, president; Elizabeth Worthen, vice-president; and Gertrude Comfort, secretary and treasurer, are arranging the program. The club will be assisted by a vocal quartet composed of Mrs. Carpenter, Mrs. Lammie, Miss Ruby Hulin and Miss Mabel Clinch. A double quartet of the club will also perform. The following women will play: Fannie Whitman, Emmeline May, Marjorie Gay, Gertrude Comfort, Lorraine Andrews, Helen Bannan and Marcella Moore. The first mandolins for the concert will be Goldie Hulin, Velma Lewis, Minnie Walton, Elaine Standish, Teresa Harrison, Esther Starkweather and Marie Hayman. Following are the second mandolins: Mary Muirany, Margaret Locan, Glenice Gird, Mabel Luckart and Alma Clifford. The following women will play the guitars: Gertrude Comfort, Elizabeth Worthen, Estelle Rudock, Jennie Davidson and Alice Barber.

WOMAN LEAPS IN RIVER; TAFT A FEW FEET AWAY

WASHINGTON, April 14.—With the President of the United States and his military aide, Major Butt, only a short distance away, a negroess with a baby in her arms jumped into the mouth of the Potomac river, where it empties into the Chesapeake bay, and both were drowned before a rescue could be made. As the President and his aide were walking through the park near the Potomac river, a number of boys running and shouting and Taft instructed Major Butt to find out what the trouble was. The boys reported that a negroess with her baby in her arms had jumped into the Potomac river. There was no sign of the woman and the President had the park guards and police immediately notified.

CONVICTS TO BUILD ROADS.
RENO, Nev., April 14.—Acting under the authority of the state convict labor law passed during the last session of the Legislature, the Washoe county commissioners have asked Governor Tasker L. Oddie and Ray Baker, warden of the penitentiary, to supply, as a starter, fifty convicts to work on the public highway now being constructed between Reno and Tahoe lake and Reno and Carson.

CHINESE BUSINESS MEN TO VISIT UNITED STATES

VICTORIA, B. C., April 14.—Advices were brought by the Kamakura Maru that the Nanking Taich has been instructed from Peking to select thirty business men from the localities visited by a delegation representing the associated chamber of commerce of the Pacific coast last year to return the visit, leaving China in May. Half a million dollars has been provided by the government to cover expenses of the trip.

FOUR FISHERS THOUGHT TO HAVE BEEN DROWNED

TWO HARBORS, Minn., April 14.—It is feared four fishermen, Otto Olson, Helge Johnson, Neils Swanson and Harold Olson, have been lost on Lake Superior. The men left Two Harbors in a 20-foot gasoline fishing boat on March 31, bound for Isle Royale, where they had planned to fish during the summer. As the boat has not been sighted it is believed to be lost.

COMMISSION ANNOUNCES FEDERAL EXAMINATIONS

The United States Civil Service Commission announces that the following examinations will be held in San Francisco at an early date:
Scientific assistant in forest distribution (male), salary \$1200 per annum.
Laboratory assistant, paper and textile laboratories, bureau of standards, salary \$900 to \$1600.
Veterinary inspector, bureau of animal industry, Department of Agriculture, salary \$1400 per annum.
Application blanks and further information relative to these examinations may be obtained from the secretary, 12th Civil Service District, room 241, Post Office building, San Francisco, California. Applicants are requested to indicate the names of examinations in making requests for information.

OFFER SIXTY GIRLS FOR SALE.
SHANGHAI, April 14.—Pitiful accounts of suffering in the famine-stricken areas of China reach this city daily. Sixty girls were offered for sale at one small town without a purchaser because the food the slaves eat was more valuable than their lives.

AMBASSADOR TO DROP PART OF HIS LONG NAME

WASHINGTON, April 14.—Custom among Spanish speaking peoples has dictated that surnames be composed of the family names of both father and mother, but the inconvenience of being addressed by one's mother's name, which is written last, has led the new Mexican ambassador to drop the final name of his signature. He will be known hereafter as Manuel de Zamacona, instead of Manuel de Zamacona y Inclan.
"When I was national treasurer in Mexico some years ago," said the ambassador today, "I found it awkward both in ink and time when signing bonds to use merely my father's name. American are so apt to consider the last part of a Spanish name as the surname proper that I think I shall dispense with it."

SEES CROSS ON MOON.
SANTA ROSA, April 14.—An astronomical wonder was viewed here by Dr. and Mrs. George M. Luttrell, prominent residents of this city, early yesterday morning. It was a gigantic cross which occupied a position across the face of the moon perfectly in a yellowish white light.

Cottolene

Brings the sunshine of the south to your home

Cottolene is a vegetable product—made from the choicest cotton oil. Its source is the cotton fields of the Sunny South. *From Cottonfield to Kitchen* human hands never touch the oil from which Cottolene is made.

Compare the source of Cottolene with the source of lard—hog-fat—and you'll cease to wonder why lard-cooked food throws the stomach out of kilter and causes indigestion.

Cottolene is of absolutely pure origin and ancestry, and will make palatable, digestible, healthful food.

Test Cottolene fairly—note the beneficial effect of Cottolene food on the family's digestion—and you'll never have a pound of lard in your kitchen again.

Made only by the N. K. FAIRBANK COMPANY

"Nature's Gift from the Sunny South"

Never Sold in Bulk
Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent from catching dust and absorbing disagreeable odors such as fish, oil, etc.

SOCIALISTS WOULD INVALIDATE THE PRIMARIES

Minor Technical Points Are
Brought Up by Oak-
land Party.

DELEGATION STATES
OBJECTIONS TO CLERK

Would Have Mayor Mott's
Name Stricken From
the Ballot.

Almost on the eve of election members of the Socialist party have come forward with a list of technical points which they claim will invalidate the primary election. A delegation of Socialists waited upon City Clerk Frank Thompson last evening and laid their objections before him. The points are all considered by the city attorney and the clerk as of a minutely formal nature, and the provision in the charter which declares that no election shall be invalidated by reason of failure to observe all minor formalities will protect the present primary election against being contested, it is believed.

To meet the wishes of the Socialists as far as possible, Clerk Thompson this morning started sending out printed postals to all voters bearing instructions as to voting and designating precincts and polling places for each. According to the general election laws all literature concerning elections must be in the hands of voters at least five days prior to the election, and these cards will not be posted in time to conform strictly to this regulation. Sample ballots were sent out bearing general instructions to voters, and it is thought that this fills all substantial requirements.

WOULD BAR MOTT.

The Socialists also state that they may mandamus the city clerk to have the name of Mayor Frank K. Mott stricken from the ballot as a candidate for mayor under the new charter. The charter provides that verification deputies shall not be paid for their services by the city, and the Socialists declare that Mayor Mott's nomination petition was handled by several city employees. According to City Attorney Ben F. Woolner there is no basis for raising this contention, as the wording of the charter specifically refers to the payment of the verification deputies for their services as deputies, not as city employees. Secretary Nelson of the board of public works, Al Wilkinson, private secretary to Mayor Mott and several others worked out of office hours in verifying signatures to the Mayor Mott nominating petition, but they were not paid by the city for these services.

LAST OF LOTS TO BE SOLD SATURDAY

The owner's determination to sell the whole of Pleasant Terrace-by-the-Lake is the reason for the holding of a supplementary auction sale of the balance of the unsold lots.

The auction held last Saturday, which was a pronounced success, would have disposed of all the lots had not darkness prevailed.

The remaining lots, which are among the choicest in the tract, still present to those who were unable to purchase in the previous sale, an opportunity to obtain a beautiful homestead far below standard values. That the buyers have justified their judgment is proven by the fact that the lots have been sold at prices ranging from 60 per cent on the auction prices. Others have refused advanced prices on their lots. The many homes that are to be immediately built, the plans which are now in the hands of the architects, will amplify the handwork of Nature.

A visit to this property, with its landscape and lakeview, will be an inspiration. Never before in Oakland has such a property been offered at auction. The owner has given instructions to the Layman Real Estate Company to sell, and this firm will offer the remaining twenty lots at auction today at 2:30 p. m., at their real estate salesrooms.

Saturday, April 15th, 1911.

DROPS SLAIN MAN'S BODY DOWN ELEVATOR SHAFT

CHICAGO, April 14.—Prowlers about the Atlas building are believed to have murdered James Fitzgerald, a watchman, and to have thrown the body down an elevator shaft. The watchman's lantern was found in a hallway and a fracture of the base of the skull indicated that he had met death from violence. Every door of the elevator shaft was found closed.

SLEUTH IS GRILLED IN WILSON HEARING

SAN FRANCISCO, April 14.—Attorney Samuel Shortridge subjected Detective Fred O'Neil to a grilling cross examination in the case of John Walter Wilson before Superior Judge Sanwell today.

The officer admitted that he had first worked on the theory that Henry Boas had committed suicide. Several discrepancies were brought out in his testimony from that given at the first trial of the case.

EASTER MEATS

AT CUT RATE PRICES

EASTER is the POOR MAN'S DAY as well as a day of rejoicing and feasting for those better off in this world's goods. Were the average workman dependent on Trust Combinations for his meat and provisions his would be a sorry plight, indeed. EASTER would be a day of sadness rather than one of joy. LEWIS is the poor man's friend, for he has demonstrated this many, many times. Tomorrow he offers a choice selection of QUALITY MEATS and PROVISIONS and his square deal policy in the past assures every one the biggest possible investment for every penny spent.

"STABAT MATER" IS GIVEN IN GREEK THEATER

UNIVERSITY OF CALIFORNIA,
April 14.—Rossini's "Stabat Mater"

was given this afternoon in the Greek theater by a combined chorus from the San Francisco Choral Society and the Wednesday Morning Club of Oakland. A quartet consisting of Miss Fania Bailey, soprano; Miss Carroll Nicholson, contralto; Clinton R.

Morse, tenor, and Henry L. Perry, basson, sang. The orchestra was under the direction of Paul Steindorff.

S.S.S. REMOVES THE CAUSE AND CURES CATARRH

Catarrh usually begins with irritated, inflamed membranes of the head, nose and throat, from which there is a constant and copious discharge of watery matter. This comes from inflammation of these mucous surfaces and is caused by catarrhal matters and impurities in the circulation. Nature intends that these membranes shall be nourished by the blood, but waste matters and impurities deposited into these delicate parts, sets up inflammation, and the discharge is a natural result. When this secretion begins to dry it becomes thick and sticky, adhering to the back portion of the mouth and throat, causing the "hawking" and straining so troublesome to catarrh sufferers.

I suffered for a long time with a bad case of Catarrh. I had a constant headache, my cheeks grew purple, my nose was always stopped up, my breath had a sickening and disgusting odor and I coughed incessantly. I heard of your S. S. S. and commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease.

MRS. MARY L. WESSERMAN.
4449 Vista Ave., St. Louis, Mo.

I had all the symptoms that accompany Catarrh, such as mucus dripping in the throat, a constant desire to hawk and spit, feeling of dryness in the throat, and a persistent cough arising in the morning, etc. I had thus suffered for five years. I commenced to take S. S. S. and after I had taken three large bottles, I noticed a change for the better, thus encouraged, I continued to take it, and in a short while was entirely cured.

JUDSON A. BELLAM.
211 Randolph St., Richmond, Va.

impurities. Then the inflamed membranes heal, the discharge is checked, head noises cease, the stomach is toned up, and the throat is no longer clogged with mucus. Book on Catarrh and any medical advice free. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BEVY OF PRETTY GIRL PUPILS TO APPEAR IN FARCE

Who with other High School girls will participate in the entertainment to be given under auspices of the Junior Chapter of American Woman's League.

Over forty-five girls from Oakland, Fremont, Oakland Polytechnic and Berkeley High schools will participate in the entertainment given under the auspices of the Junior Chapter of the American Woman's League at Wendell Hall on Friday evening, April 21. The entertainment will include some high class professional talent, consisting of Mrs. Basha Thompson, reader; Mr. T. Schultz, violinist; Mrs. Camillo Burgermeister, soloist; and Miss Florence Yale, soloist.

Two farces, "Aunt Susan Jones" and "Dr. Cure-All," will be rendered. The cast for "Aunt Susan Jones" is as follows: Aunt Susan, Alice Fleenor; Mr. Suffertrac, Mildred Crump; Anna, Helen Maunfield; Arabella, Annabelle Hack; Mrs. Marley, Edrie Free; Nora, the maid, Marion Van Horn; the cook, Grace Lindh.

The cast of characters for "Dr. Cure-All" is as follows: Dr. Cure-All, Tom Horton; Mrs. Bloomington, Fern Nelson; Mrs. Jennings, Gladys Nelson; daughter, Hazel Lindhu; Mrs. Bland, Olga Olsen; the maid, Elizabeth Crump; the youthful gentleman, John Crump; Mrs. Faddington, Clara Varney; Mrs. Scrawney, Ethel Woodcock; Mrs. Plumpkins, Edith Olsen.

The Fremont High School orchestra will furnish the music for the entertainment.

POLITICAL ANNOUNCEMENTS

The following representative men respectfully solicit your support at the Primary Election to be held Tuesday, April 18, 1911.

FRANK K. MOTT
(Incumbent)
Candidate for Mayor

GEO. E. GROSS
City Auditor
Candidate for Re-Election.

P. C. FREDERICKSON
The People's Candidate for Commissioner No. 4.

R. H. CHAMBERLAIN
Member of the Board of Freeholders which framed the Oakland Charter.
Candidate for Commissioner No. 2

HARRY S. ANDERSON
Candidate for Commissioner No. 1
Primary Election April 18, 1911.

Frederick C. Turner
Present: City Engineer and Commissioner of Public Works.
Candidate for Commissioner No. 3
Election April 18th, 1911.

GEO. E. AITKEN
Announces Himself a Candidate for Commissioner No. 4
If elected I will serve the people of Oakland to the best of my ability and all matters entrusted to me will be handled in the most business-like manner for the general welfare of the city and a saving to our tax payers.

EDWIN MEESE
Present
CITY TREASURER
Candidate for Commissioner No. 1.

F. F. JACKSON
Candidate for Mayor.
of the CITY OF OAKLAND
My policy is "A square deal to all."
F. F. JACKSON.

R. D. HOLMES
Candidate for Commissioner No. 3.
R. D. Holmes pledges himself if elected to handle the affairs of the City of Oakland entrusted to his care in a thorough business way. He will always favor necessary public improvements. He will encourage good roadways, ocean commerce, etc. He believes in economical methods but on a broad minded basis.

JOHN J. NAEGLE
Candidate for Commissioner No. 2.
If elected by the voters of Oakland my policy will be to give "A square deal and equal treatment to everybody."
JOHN J. NAEGLE.

PHILIP REILLY
For Commissioner No. 2.
ANNOUNCEMENT.
One of the candidates from the Annex. Not discovered or being boosted by any special interests, or apologized for by friends. No particular colony of good or bad to depend upon.
Pledged to all the people of the cosmopolitan city of Oakland.
A business and not a political interpretation of the charter. The last name in the column—

Wm. J. BACCUS
Candidate for Commissioner No. 2.
will mean a vote for a man who believes in giving the city a clean, business-like administration of the work which would be assigned to him.

LEO J. MCCARTHY
FOR Commissioner No. 2
(At Large)
Direct Primary April 18, 1911.
General Election May 9, 1911.
EXTRACT FROM PLATFORM
I STAND PLEDGED: To the advocacy of the fulfillment of the provision of the CHARTER which provides for an EIGHT HOUR DAY for labor employed on all municipal work, and to the POLICY of exhausting the labor supply of the city of Oakland on all public work before employing outside labor. And to this end I will endeavor to support contractors on public work who employ OAKLAND LABOR against those contractors who are likely to employ men from elsewhere.

J. R. MAC GREGOR
FOR Commissioner No. 2
Office of the Assessor of Alameda County.

FRANK J. GORDON
Candidate for School Director No. 2
Frank J. Gordon is of the annexed district. He pledges himself, if elected, to prevent politics or political influence from entering the school department in the employment of teachers, or otherwise.
It was he who first advocated and finally drafted the famous annexation agreement, which was one of the first steps toward securing the new charter.

CAPT. J. H. McMENOMY
Candidate for Commissioner No. 2
Twenty-five years in business. A property owner and tax payer in the City of Oakland.
Primary election, Tuesday, April 18, 1911.

EUGENE STACHLER
(Member of Oakland City Council)
Candidate for Commissioner No. 3
Primary Election April 18, 1911

Thomas F. Marshall
For Commissioner No. 3
Chairman of Oakland's Great Charter Convention.

G. ANGELI
FOR Commissioner No. 4
Twenty-five years in business. A property owner and tax payer in the City of Oakland.
Primary election, Tuesday, April 18, 1911.

W. S. ANGWIN
CANDIDATE FOR School Director No. 4.
I have resided in Oakland all my life, was educated in its public schools and have been practicing law with offices in this city for over ten years. Economy and efficiency is my motto.

NOTICE OF HEARING OF PETITION FOR RAILROAD FRANCHISE.

Notice of hearing of petition of property owners and petitioners of the City of Oakland and Bay Shore Railway Company, a railroad corporation, to the Council of the City of Oakland for a railroad franchise, and of the time and place set for hearing of the same by said Council.

Public notice is hereby given that the OAKLAND and BAY SHORE RAILWAY COMPANY, a railroad corporation, has applied to, and petitioned, the Council of the City of Oakland to grant to said corporation, its successors and assigns, the right, privilege and franchise in so far as it lies within the power of the City of Oakland to grant the same, for a period of fifty (50) years, to construct, lay down and maintain railroad tracks of standard gauge, with all necessary sidings, side-tracks, connections, poles, wires and other appliances and adjuncts necessary to the operation thereof, and to pass with railroads to be operated by electricity or such other improved mode of operation as may be authorized by law, except steam locomotives, over, along, upon and into the terminal grounds, yards, depots and properties of said Oakland and Bay Shore Railway Company, and over, along and upon the following described route in said City of Oakland, County of Alameda, and the County of Contra Costa, said route following a center line, said center line being described as follows, to wit:

Commencing at a point on Shafter avenue, where the center line of Shafter avenue intersects the center line of Fort-leigh street, and thence easterly along the center line of Shafter avenue across Forty-first street, Forty-second street, Forty-third street, Forty-fourth street, Forty-fifth street, Forty-sixth street, Forty-seventh street, Fifty-first street, Avon street, Cavour street, Clifton street, Hudson street, Forest street and College avenue to where said center line, if projected easterly, would intersect private property; thence extending said line easterly across said private property to the southerly line of said Shafter avenue; thence from the southerly line of said Shafter avenue on a westerly line to the center line of said Shafter avenue; thence easterly along the said center line of Shafter avenue to where said center line would intersect the easterly line of Keith avenue if such last mentioned line was projected northerly and thence northeasterly \$45.55 feet measured along said center line of Shafter avenue, produced northeasterly in its present course.

And public notice is hereby given that the owners of two-thirds (2-3) of the front feet of lands upon these portions of said Shafter avenue, and the portions of said tracks and railroads, have also applied to, and petitioned, the Council of the City of Oakland to grant to said City of Oakland and Bay Shore Railway Company, a railroad franchise, for the term of fifty (50) years for the purpose aforesaid.

And public notice is hereby further given that said petition and applications of said Oakland and Bay Shore Railway Company, a railroad corporation, and of said property owners for said right, privilege and franchise, have been filed with the City Clerk of the City of Oakland on the 7th day of April, 1911, and will be heard, before the Council of the City of Oakland at a regular meeting thereof, at the Council Chamber of the City of Oakland, County of Alameda, State of California, on the 18th day of April, A. D. 1911, at the hour of 8 o'clock P. M. of said day, at which time and place any person interested may appear before said Council and show cause, if any there may be, why the prayer of said petitions and applications should not be granted.

By order of the Council of the City of Oakland.
Dated, Oakland, California, April 8th, A. D. 1911.
FRANK R. THOMPSON,
City Clerk and Clerk of the Council of the City of Oakland.

NOTICE OF TIME SET FOR PROVING WILL, ETC.
In the Superior Court of the County of Alameda, State of California.
In the matter of the estate of Bridget Connolly, deceased.
Notice of time set for proving will, etc. Notice is hereby given, that for the probate of the will of Bridget Connolly, deceased, and for the issuance of letters testamentary and letters of administration thereon has been filed in this Court, and that Monday, the 11th day of April, A. D. 1911, at 10 o'clock A. M. of said day, at the Courtroom of Department No. 4, of said Court, at the Court House in the City of Oakland, in said County of Alameda, has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.
Dated, April 8th, 1911.
JOHN F. COOK, Clerk.
By W. E. ADAMS, Deputy Clerk.
JOHN J. McDONALD,
Attorney for Petitioner, 1102 Broadway.

Poll Tax Notice
Notice is hereby given that the State Poll Tax of two dollars for the year 1911 is now due and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor.
Sec. 5339 of the Political Code reads as follows:
Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians must annually pay a Poll Tax of two dollars, provided the same be paid between the first Monday in March and the first Monday in August.
Then it shall be three dollars.
Sec. 5348 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay the same, he must collect by seizure and sale of any personal property owned by such person, every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and is liable to a fine of \$500 or imprisonment in the County Jail, or both such fine and imprisonment.
Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.
HENRY P. DALTON,
Assessor of Alameda County.
Office of the Assessor of Alameda County.

Notice to Taxpayers
Oakland, March 6th, 1911.
All Persons, Firms, Companies, Corporations and Associations are notified to deliver to the Assessor's Office, at the Court House, City of Oakland, County of Alameda, on or before April 1, 1911, a statement under oath, of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or in the trust for others, at 12 o'clock meridian on the first Monday of March, 1911.
In accordance with Sec. 5323, Political Code.
Every person who refuses or neglects to furnish the statement as provided for in section 5323, Political Code, becomes liable to a fine of one hundred dollars and the value of the property on their property must not be reduced by the Board of Equalization.
All persons owning real estate that has been assessed in the wrong name or where errors have appeared on the bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1, 1911, that the proper corrections may be made on the assessment roll for the year 1911.
ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, from 9 o'clock A. M. to 5 o'clock P. M., on any day.
HENRY P. DALTON,
Assessor of Alameda County.
Office of the Assessor of Alameda County.

RANGERS TO HAVE PORTABLE PHONES

The Forest Guardians to Trail Wires Along Ground as They Go.

WASHINGTON, April 14.—Rangers in the national forests will be supplied with portable telephone sets and with a special flexible wire which can be easily and quickly run along the ground to isolated places in the forests. The telephones will be of use in summoning help to prevent a repetition of the disastrous conflagrations in the northwest last August.

The adoption of these telephones is the result of experiments conducted since last summer with sets similar to those used by the signal corps.

Prevention of large fires has been furthered since last year through lengthening trails and extending permanent telephone lines. When the fire season arrives an extra force of rangers will penetrate the isolated parts of the forests, laying their telephone lines along the ground as they go. Metal boxes containing fire-lighting implements, together with a supply of food, have also been distributed along the many trails where they will be easy of access.

AGED WOMAN HAS HIP FRACTURED

Followed by Misfortune From Amador County to Oakland.

Misfortune seems to have pursued Mrs. Annette Penton, who was recently burned out of her home in Amador County only to take refuge in this city, and shortly after her arrival to suffer an accident that will probably confine her in the hospital for some time.

This morning as she was about to step from a San Pablo avenue car on the corner of San Pablo and Stanford streets, she was thrown to the pavement by the sudden starting of the vehicle, it is said, and sustained a fracture of her left hip.

The injured woman is 75 years old and has been stopping at 1317 Seventh street. After the accident she was taken to the Receiving hospital, where she was attended by Dr. W. H. Rice, assisted by Steward Platt. Owing to the nature of her injury, it was deemed advisable to send the aged woman to the Providence hospital. In explaining the accident Mrs. Penton said that the car had stopped at the corner, but started again before she alighted.

G. S. TERRY IS DEAD.
WASHINGTON, April 14.—George S. Terry, assistant treasurer of the United States at New York, died this morning at a hotel in Aiken, S. C., where he had been ill for some time.

PITTSBURG MAN CHARGES PASTOR WITH HERESY
NEW YORK, April 14.—Orthodox Presbyterians are apparently much perturbed by the expression of liberal views. Not only is Professor W. A. Brown of Union Theological Seminary charged with heresy, but a prominent Pacific coast churchman favors dropping the "dry zone" of five miles around the university will be indefinitely postponed, and the Henzen bill, requiring a temperance pledge from students, first considered a joke, taken up for consideration.

BOOZE EVERYWHERE BUT NO STUDENT CAN DRINK
MADISON, Wis., April 14.—Students desiring to matriculate at the University of Wisconsin will have to take a pledge to abstain from intoxicants, if a plan seriously taken up by the members of the legislature is carried out. Action on the Ellingson bill, creating a "dry zone" of five miles around the university will be indefinitely postponed, and the Henzen bill, requiring a temperance pledge from students, first considered a joke, taken up for consideration.

WASHINGTON STREET, CORNER TENTH

GETS OUT AXE FOR EXPRESS TARIFFS

Governor Johnson Declares Rates Are High Beyond All Reason.

SACRAMENTO, April 14.—Declaring that the unreasonable, extortionate charges of transportation and express companies in the state of California are responsible in a great measure for the high cost of living in this state, Governor Johnson said these conditions will be changed, if he has the power to change them. He declared that in many instances the express company in California is charging as much or almost as much for carrying articles from one city to another as is charged for carrying the same weight from New York City to San Francisco. The Governor said:

"The information that has been furnished to us regarding the rates shows charges within the state of California to be much higher than almost any other place in the United States. The most significant thing in the comparison of rates is in the comparison of packages weighing six pounds or less between San Francisco and Los Angeles and New York and San Francisco.

"The following shows the charges for one pound, two pounds, three pounds, four pounds, five pounds and six pound packages between New York and San Francisco and between San Francisco and Los Angeles:

"New York to San Francisco—One pound, 30 cents; two pounds, 35 cents; three pounds, 40 cents; four pounds, 45 cents; five pounds, 50 cents; six pounds, 55 cents.

"San Francisco to Los Angeles—One pound, 25 cents; two pounds, 30 cents; three pounds, 35 cents; four pounds, 40 cents; five pounds, 45 cents; six pounds, 50 cents.

WHIST CLUB MEETS.
The members of a whist club who meet every Thursday evening at Lincoln Hall, Alcatraz avenue, held their regular tournament last evening. The prize winners of the occasion were Miss Anna Hartman, W. J. Likens, William Olson, William Offerman and Paul Schultz.

MAN BURNS TO DEATH.
PHOENIX, Ariz., April 14.—William H. Higginbotham, 5 years old, was burned to death in a fire that destroyed his home at Tempe. He lived alone. Higginbotham assisted in erecting the first power printing press in New York city.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by Osgood Bros., Drug Stores.

EXPAND ARMY AND NAVY.
VICTORIA, B. C., April 14.—A great scheme for naval and military expansion, to cost \$200,000,000, spread over ten years, is to be brought forward in Japan, according to advices brought by the Kamakura Maru.

ASSOCIATED PLANS NEW PIPE LINE, IS REPORT

LOS ANGELES, April 14.—An unofficial report has been received in Los Angeles to the effect that the Associated Oil Company is completing arrangements for a pipe line between Bakersfield and Mojave, over the Tehachapi, costing \$1,000,000. It is said that the route has been selected and construction will commence in a short time. It is further

stated that it is proposed also to build a branch pipe line from the main line at Tehachapi to the Midway and adjacent fields.

CHILDREN DIE IN DROVES.
HONOLULU, April 14.—The British steamer Ortic arrived here yesterday from Funchal, Madeira, with 1552 immigrants, including 300 families and 150 single persons. During the voyage from the Portuguese island, which began on February 27, 57 children died, 45 of measles.

SANTA CLARA VALLEY HI THARD BY FROST

SAN JOSE, April 14.—Reports from all sections of the valley are that fruit and vegetables were seriously damaged by the frosts. The apricot crop, already hardly a quarter of the average, was hit hard and the tender prunes and peaches, just forming, also were badly damaged. Apples and pears were not seriously hurt.

High Art Clothing

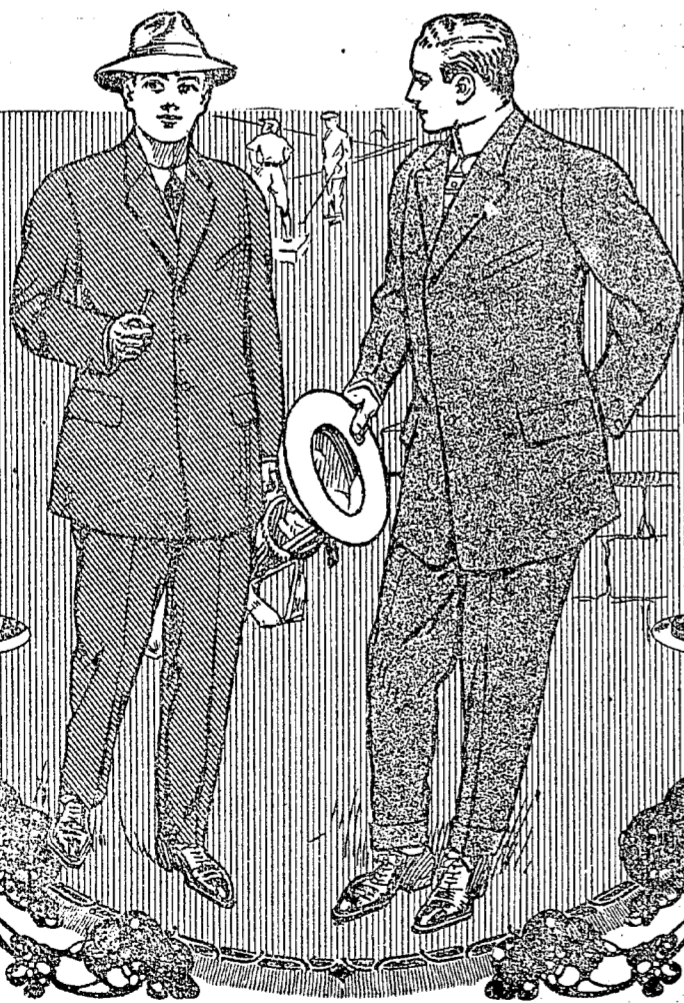

ALL clothes-makers start alike,—with tape, cloth and thread—but it isn't *what* they use, but *how* they use it that differentiates "know-how" from "try-to."

"HIGH-ART" Clothes have over forty years of applied skill behind them and an unrivaled quality-prestige before them. They start with all-wool fabrics and end with finished elegance of style, balance and drape.

Apply for "HIGH-ART" Clothes at your dealer's and make sure that you are supplied with the genuine by looking for the label in the breast-pocket of the coat.
